outcome **Roads Less Traveled and Other Perspectives on Nationally Competitive Scholarships** Suzanne McCray, Joanne Brzinski, 2017-08-01 Applying for nationally competitive scholarships can be a daunting process for students. Thousands apply each year for scholarships with familiar names like the Rhodes, Marshall, Gates, Cambridge, Schwarzman, Fulbright, Truman, Goldwater, Udall, and Madison, or for one of many STEM opportunities like National Science Foundation Graduate Research Fellowships or National Defense Science and Engineering Fellowship. For many, the applications present an unfamiliar territory, so students seek out informed advisors who can help them navigate the terrain. This volume of essays is a great way for anyone advising students through an application to become an expert. *Roads Less Traveled and Other Perspectives on Nationally Competitive Scholarships* provides critical information from scholarship foundations about the best ways to guide students from considering a career path to completing the application to preparing for an interview. Experienced advisors also share helpful tips on practical topics like writing letters of endorsement or assisting those who want to study abroad, and they provide programmatic advice on how to broaden the pool of applicants, address those with financial needs, and make all who apply feel the process has value beyond winning. *Roads Less Traveled and Other Perspectives on Nationally Competitive Scholarships* is a must for anyone advising students on scholarships. *Get Your M.
