Que Dice Usted Despues De Decir Hola:

Qué dice usted después de decir hola? Eric Berne,2002 *Fundamentos de la comunicación humana* Roberto de Miguel Pascual,2010-03-04 El lector de esta obra tiene ante sí no sólo un compendio ordenado de conocimientos de ámbito científico de la comunicación sino también una valiosa guía de interpretación de su entorno social y de su propia conducta. Se trata además de una herramienta pedagógica que proporciona una mejor comprensión de la comunicación como un área de estudio eminentemente práctica cuyo dominio puede mejorar sus capacidades en el entorno profesional de los mass media. En estas páginas se sintetizan muchas de las aportaciones teóricas que ha suscitado nuestro comportamiento comunitario. Con ello no se pretende proporcionar respuestas definitivas a las cuestiones que plantean los actos comunicativos en los que nos involucramos cotidianamente se trata en cambio de promover una autorreflexión basada en el elenco de soluciones tentativas que proponen los teóricos de la comunicación humana y secundariamente de ofrecer los recursos adicionales que orienten estos conocimientos hacia la vertiente aplicada relativa a las destrezas verbales y no verbales que se le asumen al comunicador de masas

¿Qué dice usted después de decir "hola"? Eric Berne,1979 Sólo Quien Se Siente Amado Puede Ser Educado Juan Bosco Abascal Carranza,2012-10 Se explica que para la salud humana la satisfacción de Las Hambres Básicas de Caricias Tiempo y Reconocimiento es tan importante como la ingesta de alimentos oxígeno y agua. Comprenderemos que son las Endorfinas la droga de salud la alegría el bienestar y el bien hacer. Conoceremos variadas formas de producirlas en nuestro organismo pero ante todo la que nos proporciona las cinco ganancias más codiciadas envejecer despacio mantener un sistema inmunológico invencible disponer de una gran energía vivir alegremente y poder superar cualquier dolor físico o corporal. Esta forma práctica es la práctica de las Virtudes Prudencia Justicia Fortaleza Templanza Fe Esperanza y Caridad. Queda demostrado que para educar a nuestros hijos en la Virtud la receta no consiste en hacer que ellos hagan lo que creemos que ellos deben hacer ni mucho menos en lograr que ellos hagan lo que los padres queremos sino algo muy distinto que dentro de un Sistema Incondicional de Caricias Tiempo y Reconocimiento les hagamos vivir la fuerza de nuestro Amor para que ellos quieran hacer habitualmente lo que conviene al Bien Común y al Bien Integral de todos los involucrados en el proceso educativo. Para esto hace falta desarrollar un Liderazgo Transformador sólo quien se siente amado puede ser educado. Se propone el justo medio entre los dos extremos en pugna ni moralismo rígido ni naturalismo hedonista o utilitario sino del equilibrio entre esos dos extremos. Como estrategias auxiliares se plantea lo que es la Reingeniería de Valores y Virtudes se analizan las Bases Filosóficas para Jerarquizar los Valores Operantes Reales y se propone la sana jerarquía de los Nueve Valores Universales así como el rechazo de los Contravalores. El libro concluye con una explicación apasionante Quién Soy Yo. A la vez que se exponen los Fundamentos Filosóficos de la Dignidad de la Persona

Contenidos y discurso comunicativo audiovisual y textual Juan Enrique González Vallés, José Rodríguez Terceño, 2015-12-28 Los últimos años han sido testigos de una actividad investigadora inusualmente férrea en el campo de la Comunicación y por ello de un aumento exponencial en la producción científica visibilizada internacionalmente en España Esto ha sido posible gracias al esfuerzo de investigadores editoriales y revistas universitarias quienes han permitido situar a España en el mapa de los países más publicadores y a su vez esta ola productiva ha logrado tirar de los países de la Lengua mediante el empleo de las mejoras ofrecidas por las TIC hasta límites considerados como increíbles no ha mucho tiempo En este estado de cosas hemos de incardinar esfuerzos como el presente la publicación de un libro de capítulos en torno al eje común formado por los contenidos y los discursos comunicativos audiovisuales y textuales de vanguardia La editorial ACCI crece hace 5 años una cimerá colección titulada Nuevo Impulso Educativo actualmente puntera en cuanto a número y calidad de trabajos publicados en la que hallan cabida este tipo de textos Esta labor editorial al igual que la de otras editoriales que han apostado por este mismo tipo de mercado merece todo el agradecimiento de la Academia puesto que sin ella no habría investigación dado que no existe aquello que no se hace público En cuanto al libro que aquí nos ocupa Contenidos y discurso comunicativo audiovisual y textual podemos destacar a título introductorio que la recopilación de capítulos que abarca supone un fresco sobre los diversos aspectos que influyen afectan y conforman la comunicación en todos los pasos de su proceso en relación a variados ámbitos de las actividades humanas En este texto hallamos capítulos dedicados al derecho en su vertiente comunicativa dado que este aspecto siempre ha sido considerado menor frente a los tecnicismos propios del funcionamiento jurídico pero no por ello menos importante Quizás esta falta de conocimiento por parte del público

Bourquin, Carmen Cortés, 2024-06-11 Did you know that many people who are born as a single child began life accompanied by a brother or sister that died during pregnancy and vanished leaving no trace whatsoever And did you know that the frequency which this occurs is amazingly high It s a well known fact verified by science for some decades now that a 10% of babies who are born started their life as a part of a twin pregnancy and then lost their sibling during the first months of gestation This phenomenon had remained purely statistical until quite recently Only in the last few years has psychology started to become interested in the effects that this experience may have on the surviving twin Wha might the consequences be of spending the first weeks or months of one s life with a twin in utero but then to suffer their loss and be born alone How can person process and assimilate this primary experience when frequently it is ignored and relegated to the unconscious levels of our self The answers to these and other questions constitute the core of this book which also includes around fifty testimonies that enable us to listen firsthand to the multiple manifestations that result from the experience of being a lone twin
