agora pulse

The screenshot shows an AI writing assistant interface. At the top, there are several emotion tags: 'Funny', 'No filter', and 'Shocking'. Below these is a text input field containing the question: "What is the difference between a home's appraised and market value?". The assistant's response is displayed in a white box with a 'Balanced' icon on the left. The response text is: "Market value is the price that the average buyer is willing to pay for a property and is a subjective number. Appraised value refers to the objective value of a home assigned by a licensed appraiser. These numbers should be similar, but if not, you can contest. Appraised value is a measure of market for a second opinion". To the right of the response is an 'Assertive' tag. Below the response box are three more tags: 'Engaging', 'Inspirational', and 'Promotional'. The 'Inspirational' tag is highlighted with a blue border.
