Public Policy Tetsuo Ogawa,2023-08-28 This book provides an overview of public policy but rather than describing a country's policies it deals with explanations for each area. By doing so, basic concepts, issues related to policy effectiveness, and approaches reveal researchers' methods in describing its characteristics. In this way, the book explores how public policies and policy systems are performing sector by sector among developed countries. It will be clarified by many examples of how different the so-called society to which this document is directed includes developing countries and OECD member countries. This book also shows that public policy is still growing in the process that needs to be covered and government where public policies are undergoing drastic changes to allow optimism. Therefore, it cannot be handled either. The examples dealt with in this book are issues that have been studied comparatively.

Artificial Intelligence in Food Science Tanmay Sarkar, Anandakumar Haldorai,2025-08-01 Artificial Intelligence in Food Science Transforming Food and Bioprocess Development looks at the advancements in both AI and Machine Learning (ML) and the potential for leveraging these latest technologies to optimize and elevate various aspects of the food sciences. From ingredient discovery and recipe formulation to flavor profiling, quality control, and bioprocess optimization, Artificial Intelligence in Food Science Transforming Food and Bioprocess Development will show nutritionists, food scientists, and researchers and developers how they can enhance efficiency while innovating in their field.
