work from home Companies are recognising the potential of this new method of working and the first areas to embrace the new way of working are the legal ones However it is not just the legal firms and public sector which are looking to employment technology in order to cut costs Almost every type of industry is looking at using technology in order to lower costs and in this way increase profits For example restaurants are using recruitment technology in order to lower salaries and costs Until a few years ago when every restaurant had a fixed cost of hiring training and maintenance the vast majority of restaurants were able to pay 100% of their employees salaries This meant that it was possible to pay a manager less than a waiter and save money However with the inclusion of recruitment technology the cost of hiring employees is being cut by up to 50% This does not necessarily mean that the amount of profit is increased but employees are able to be assigned to different tasks meaning that they spend less time in front of customers thus increasing their profits Interested to know more Then Scroll up Click on Buy now with 1 Click and Get Your Copy Now *Next-Level Digital Nomad* Maria Manka,2018-06-20 It s time to rethink what it means to be a digital nomad Maria Surma Manka wanted to live and work abroad temporarily without uprooting her life No selling the house no homeschooling the kids She and her spouse had to keep their day jobs But she couldn t find any good resources to help guide a typical family So she did it herself and the result was a workation a blend of work vacation that allowed her family to become temporary digital nomads So far Maria s family has workationed in Spain New Zealand and the UK Next Level Digital Nomad is the resource Maria wishes she d had A practical and tactical how to guide that kick starts your adventure and saves you dozens of hours of planning Guidance for thinking through the trickiest questions like asking your employer to work remotely preparing for the kids absence from school and where to find a place to work while traveling Loads of resources and ideas for creating your own workation Step by step worksheets for efficient planning Next Level Digital Nomad will give you the real world tools to live like a digital nomad Even with real world responsibilities *The Digital Nomad Survival Guide* Katherine Conaway,Peter Knudson,2017-05-08 Do you dream of becoming a digital nomad working remotely while traveling the world but you re not sure where or how to start The Digital Nomad Survival Guide is for you This book provides useful and specific knowledge about travel housing work and socializing to help you set up and manage your new lifestyle as a digital nomad So whether you can t wait to network while in Chiang Mai on the cheap live the healthy lifestyle in Bali or traverse the European landscape The Digital Nomad Survival Guide is the perfect tool to help you make your dreams into a reality This book pulls together practical advice from our experience conversations with 20 successful digital nomads and tips from hundreds more nomads across 70 countries Included are packing lists sample budgets app recommendations website suggestions and more The Digital Nomad Survival Guide will teach you How to determine your budget and what financial resources are most useful abroad The best and worst places to visit as a digital nomad while you travel the world How to find the best travel and housing options for your lifestyle What pieces of technology you absolutely need and how to work from wherever Where to
