Anecdotes and Afterthoughts: Literature as a Teacher's Curriculum Edward Podsiadlik III, 2014-09-23 This qualitative journey explores how literature informs and challenges my understanding of teaching and learning Insights questions and conflicts are revealed through a series of essays in which my evolving teacher identity is illuminated through literature and imagination Hopefully reading this portrayal of literature which has been a source of educational insight and imagination for me will be of use to other educators as they reflect on their own teaching The primary works of literature used to facilitate this journey are *The Red Badge of Courage* 1895 *Les Miserables* 1862 and *American Idiot* 2004 *Light in August* 1932 *Seinfeld* scripts 1991-98 and *Frankenstein* 1818 and *The Odyssey* Night 1960 and *The Souls of Black Folk* 1903 By delving beneath my exterior teacher mask a collage of images anecdotes reflections aspirations and fears is exposed As a resource for pre service teachers or a reflective exercise for veteran teachers this study aims to benefit educators by providing a new pathway through which to better understand their intrinsic identities as teachers Each chapter concludes with Recommendations for Reflection that readers are encouraged to consider individually and or collectively The spirit of daydreams allows me to integrate literature autobiography and imagination through inventive and inspired discourses with literary figures using authentic quotations as content for original commentaries that further examine the intrinsic nature of teacher identity My hope is that this journey will inspire other educators to further reflect on realities and possibilities of what it means to be a teacher

An Unquiet Pedagogy Eleanor Kutz, Hephzibah Roskelly, 1991 *An Unquiet Pedagogy* argues for a new approach to teaching English in the high school and college classroom one that reconceives the relationship of literacy and the learner The title is taken from an essay by Paulo Freire in his book with Donaldo Macedo entitled *Literacy Reading the Word and the World* Like Freire the authors believe that pedagogy must be critical that it must examine the assumptions that teachers and students bring to any

educational enterprise that it must take into account the contexts of learners lives and that it must question rather than quietly accept existing practices Voices of beginning and experienced teachers are heard often in the book exploring how such an unquiet pedagogy might come to be The authors examine the experiences of these teachers as well as their own showing how the classroom can become a place of inquiry for both teachers and students and how theory and research that provide an integrated perspective on language literacy and culture must inform teaching practice Their aim is to transform the English classroom into a place where the imagination becomes central and where learners construct knowledge in the development of real literacy
