Ponder,2016-05-26 There s Gold Dust in the Air for You This book is the result of several recent recessions and many years of lean living Nobody likes recessions and nobody likes lean living and indeed nobody should like them For fifteen years I tried to find such a book as this one During those years of searching the book shelves I found that there are many books which give various success ideas but in none of them did I find a set of compact simple laws for assuring success I began searching for a book such as this after having been widowed and left with a small son to rear and educate Since I had no training for work and no means of income I would have given anything to have known then about the power of prosperous thinking For a while I experienced depression ill health loneliness financial lack and a sense of complete failure It seemed that the whole world was against me and that everything I did went wrong But with my son to provide for I could not settle for failure I had to succeed for his sake as well as for my own Finally when I was at my lowest ebb emotionally physically and financially I learned about the power of thought as an instrument for success or failure I came to realize that failure is basically the result of failure thinking I learned that the right use of my mind could become the key to healthy happy prosperous successful living As soon as I grasped this wonderful success secret the tide began to change The Birth of Prosperous Thinking You ve heard much in recent years about positive thinking Out of the recessions and lean years another term has been born prosperous thinking The word prosper means to flourish succeed thrive to experience favorable results You are prosperous to the degree that you are experiencing peace health and plenty in your world While prosperous thinking means many things to people basically it gives you the power to make your dreams come true whether those dreams are concerned with better health increased financial success a happier personal life more education and travel or a deeper spiritual life This book plainly shows how prosperous thinking has helped people in every walk of life to experience these results Furthermore it shows how prosperous thinking can do these things for you too As you read this book chapter by chapter you will automatically begin to develop the power of prosperous thinking and almost as easily you will begin to reap a harvest of prosperous results The Salesman with the Golden Touch Years ago a salesman used the power of prosperous thinking although he may not consciously been aware of it When people asked him How s business he always gave this standard answer Business is wonderful because there s gold dust in the air For him it certainly seemed to be so every contact became a sale After a while whenever his name was mentioned people always said Yes everything he touches turns to gold That salesman was right There is gold dust in the air for you for me for everyone Psychologists and metaphysicians know about the gold dust They declare that man forms his world from the rich unlimited substance within him and around him through his thoughts emotions words and actions And so let us proceed in confidence knowing that there is gold dust in the air and that there is gold dust everywhere As you begin reading this book no matter what the conditions of your life may now be do so in this attitude of mind There is gold dust in the air for me Now proceed quickly to the following pages where you will learn the exciting gold dust secrets of countless others from the Introduction
