It's been called the lifestyle of the Millennials. Minimalism: Less is more. That's the idea behind this simplified lifestyle, which is often affiliated with small living spaces but goes way beyond downsizing and a minimalist home free of clutter. Everything you own serves a purpose. Carey Harris defines minimalism in the modern society, talks about the advantages of minimalist living as well as the disadvantages and challenges of simple living, thus re-introducing a concept of quality over quantity. In his book, you will not only learn how to successfully declutter your home. You will learn how to budget for minimalist life. You will get organizing tips and ideas that will work even in small living spaces and tiny houses and guidelines how to develop a minimalist wardrobe. You will even find minimalist home decorating ideas and minimalist lifestyle tips. Say good-bye to the long prevalent but wasteful concept of keeping up with the Joneses and let Carey guide you on the path of a minimalist way of living, which eventually leads to a less stressful and healthier life.
