

To Autumn

1.

SEASON of mists and mellow fruitfulness,
Close bosom-friend of the maturing sun;
Conspiring with him how to load and bless
With fruit the vines that round the thatch-eaves run;
To bend with apples the moss'd cottage-trees,
And fill all fruit with ripeness to the core;
To swell the gourd, and plump the hazel shells
With a sweet kernel; to set budding more,
And still more, later flowers for the bees,
Until they think warm days will never cease,
For Summer has o'er-brimm'd their clammy cells.

Spreadable Media Henry Jenkins, Sam Ford, Joshua Green, 2013-01-21 How sharing linking and liking have transformed the media and marketing industries Spreadable Media is a rare inside look at today's ever changing media landscape The days of corporate control over media content and its distribution have been replaced by the age of what the digital media industries have called user generated content Spreadable Media maps these fundamental changes and gives readers a comprehensive look into the rise of participatory culture from internet memes to presidential tweets The authors challenge our notions of what goes viral and how by examining factors such as the nature of audience engagement and the environment of participation and by contrasting the concepts of stickiness aggregating attention in centralized places with spreadability dispersing content widely through both formal and informal networks The former has often been the measure of media success in the online world but the latter describes the actual ways content travels through social media The book explores the internal tensions businesses face as they adapt to this new spreadable communication reality and argues for the need to shift from hearing to listening in corporate culture Now with a new afterword addressing changes in the media industry audience participation and political reporting and drawing on modern examples from online activism campaigns film music television advertising and social media from both the US and around the world the authors illustrate the contours of our current media environment For all of us who actively create and share content Spreadable Media provides a clear understanding of how people are spreading ideas and the implications these activities have for business politics and everyday life both on and offline

Summa Kitharologica, Vol. 2 Ricardo Iznaola, 2024-10-17 This second volume of Ricardo Iznaola's monumental Summa Kitharologica trilogy is according to its author a playbook for self guided discovery in matters related to the expressive interpretation of music Its 26 short pieces in all keys in versions for solo guitar and guitar duo present the reader with an ample array of musical styles and technical procedures that serve as so many opportunities for exploration of the fascinating and complex growth process that brings the player from basic acquaintance with a score to masterful assimilation of its contents As the distinguished British guitarist and pedagogue Jonathan Leathwood remarks in his Foreword to the book at this point the player is so at one with the score that they can stretch it and occasionally contradict it without ever betraying its essential meaning attaining that desirable imprecision proposed as a marker of ultimate mastery

by cellist and pedagogue Pedro de Alcantara as Leathwood reminds us The musical contents are complemented by brief epigraphs preceding each solo miniature ranging from the factual to the poetic whose purpose is to anchor the music in an evocative affect charged context that may hopefully stir the player s imagination as will the excellent recordings by Laura Husbards and the Arabesque Duo Additional commentaries in the Working Notes section in the appendix and in the afterword deal with topics as diverse as mental practice synesthesia musical peak experiences prosody and rhythm theory the hazards of a performing career and the performer s need for and the challenges of introspective self assessment Throughout the book advocates as its core thesis the importance of a questioning stance what if as the path to discovery through changes in points of view a consistently variable perspectivist approach in which comparison and evaluation of multiple alternatives rather than prescriptive pre ordained solutions is taken as the foundation for true understanding Volume 3 of Summa Kitharologica Handbook of Comparative Fingering Analysis completes the set with a comprehensive analytical overview of guitar fingering strategies since the early 19th century
