SUNSET PARK PAUL AUSTER, Winter Journal Paul Auster, 2012-08-07 Facing his sixty-fourth winter internationally acclaimed novelist Paul Auster decides to write a journal as he sees himself aging in ways he never imagined Compellingly written and with dreamlike logic and urgency the autobiographical fragments and meditations produce an extraordinary mosaic of a life Weaving together vividly detailed stories Auster illuminates how each small incident comes to signify a whole Also there are two recurring moments one of bodily terror his panic attack following his mother's death in 2002 the other of joy his experience watching a dance piece in 1978 which releases him from writer's block just prior to his father's death It was his father's death that began his first equally unconventional and internationally celebrated memoir *The Invention of Solitude* published thirty years ago Now Auster has included an unforgettable portrait of his mother *Winter Journal* is a surprising and moving meditation on time the body the weight of memory a long and fulfilling marriage with author Siri Hustvedt and language itself by one of the most interesting and elegant writers writing today and one with a devoted following

Baumgartner Paul Auster, 2023-11-07 And then it started little by little it started until they were married five years later and his real life began *Exquisite* A super abundantly gifted big hearted novelist Ian McEwan A writer whose work shines with intelligence and originality Don DeLillo *The Life of Sy Baumgartner* noted author and soon to be retired philosophy professor has been defined by his deep abiding love for his wife Now Anna is gone and Baumgartner is trying to live with her absence But Anna's voice is everywhere still in every spiral of memory and reminiscence in each recalled episode of the passionate forty years they shared Rich with feeling wit and an eye for beauty in the smallest most transient episodes of ordinary life *Baumgartner* is a luminous work a tender final masterpiece from one of the world's greatest writers A master *The Times* What readers are saying Perfect subtle charming funny and sad Well written and compelling but also comforting like catching up with an old friend A beautifully written and intelligent piece of understated introspective fiction
