Joan P. Isenberg, Mary Renck Jalongo, 2006 *Creative Thinking and Arts Based Learning* prepares preservice and inservice teachers to know why children's creative thinking and play are so important, know about children's play and creative thinking, and also know how to provide these experiences within the curriculum. It contains extensive coverage of the roles, responsibilities, and strategies that lead to a more child-centered, play-based curriculum. An Applied Approach: Many instructional guidelines and classroom strategies are presented throughout the text for integrating creative thinking and play into learning. Cases about preschoolers, K-2nd graders, and 3rd-4th graders open each chapter and show readers how teachers infuse the arts into learning. Meeting Standards: This new feature discusses how to provide for creativity in classrooms while also meeting state and national standards. Frequently Asked Questions: Another new feature poses common questions about issues such as what materials and resources to use, how to adapt environments for diverse learners, and how to foster and assess creative thought. Misconceptions are dispelled with research-based answers. A Theoretical Approach: Solid theory underlies all of the content. The authors' experience as university professors and practitioners is evident in their clear presentation of relevant theory. A Reflective Approach: Teacher's Reflections in each chapter tell readers what other preservice and inservice teachers are thinking and doing in their classrooms relative to their experiences with the arts. Resources: Instructor's Manual and test bank, PowerPoint Slides. *Early Childhood Curriculum Resource Handbook*, 1993. Research in Education, 1974. **The Arts in Early Childhood** Susan Wright, 1991. This practical and leading book offers a solid overview of what is involved in carefully planning and running quality early childhood programs. The authors believe that the lack of real quality in today's early childhood programs should be of paramount concern to future administrators, and so have created a book that will aid them in the initial planning of quality programs and serve as a helpful resource once programs are underway. Coverage is organized to illustrate step by step the way directors of early childhood programs must approach their role: examining in turn planning, operationalizing, and implementing high quality programs for all young children.
