

A Clockwork Orange: Chapter One Analysis

6 pages | 1306 words

One gets an initial impression of Alex and his friends from the first page: Alex says, "There was me... and my three droogs". Immediately this suggests that he and his friends are close, like a gang, and this leads on to the idea of conflict. The closeness of Alex and his friends is elaborated upon throughout the chapter. He frequently uses the phrase "The four of us" and, when speaking to Pete, Georgie and Dim, he says, "Oh my brothers". Their close camaraderie is summed up on page six, where Alex describes it as being "usually one for all and all for one". Then he begins to describe three "devotchkas", whom one presumes to be members of a rival gang (the reader is told that Alex and his friends are "malchicks"). There is no brevity in Alex's description, and he goes into detail when describing the clothes and make-up. It is likely here that Alex has a certain respect for these gang members, indicated by his lengthy description of their bright uniforms, and by the fact that he speculates on the large cost of these uniforms. But there is also a clear element of mockery. This is especially apparent in the sentence "These were supposed to be... ", with an emphasis on the word "suppose". He is putting the credulity of the gang into doubt, debunking their claims. This is quite childish in some respects, and reminds the reader of his tender age. Alex and his "droogs" also wear uniforms, and Burgess describes them in a way that makes them unique to those four - by telling the reader what design each of the four had for their "jelly mould", he is putting them apart from the rest of the world, giving them a uniqueness and style that no one else possesses. The uniforms are also a barrier between them and the rest of the world. This is also true of the "maskies" that the four often wear. As well as the more practical use of hiding their face from recognition, the masks separate the boys from the rest of society, making them stand out, and perhaps feel superior. Also, the outrageous costumes, to choose a better word, are a clear symbol of rebellion. It is ironic, therefore, that the boys wear them, as uniforms have always been associated with conformity. The language of the boys is the most successful at suggesting conflict with the outside. To begin with, the words are very harsh. Hard sounds, especially obvious with the many Ks, make the words infinitely more savage. The language used to describe other people is degrading: old women are "ptitsas" and men are "vecks". The boys do not use this language when speaking to people who are not involved in gang warfare. To the man coming out of the library, Alex is polite and uses mostly understandable language. It is obviously because he is mocking the man, but it is also possibly because he would not understand (since it seems that he speaks normally). So this is their language, something they use to each other. This is a straightforward...
