Katherine Thayer, 1995-05 The Power of Charisma Dan Strutzel, Traci Shoblom, 2017-09-12 Most everyone has something they are passionate about But without the ability to actually effect change things just stay the same In order to truly inspire change we need to be able to effectively explain the problem inspire people to join us create a vision for the new reality and then motivate people to take the actions that lead to the change Inspiring change requires charisma the ability to communicate a clear visionary and inspirational message that captivates and motivates an audience Imagine having that kind of aura where all you had to do was walk into a room and heads would turn and people would want to hear what you have to say What could that do for your career Your personal life The issues and causes you feel most passionately about But most of us don t have a television show the aura of celebrity or the powerful emotional catalyst of a tragedy to unleash our passion Most of us are just regular every day people Can we too use the power of charisma to inspire change The answer is a resounding YES In this inspiring and idea packed audio program The Power of Charisma you ll learn that charisma is a social skill like listening that can be learned And once learned it becomes the difference between being heard or ignored Charisma can benefit virtually every area of your life Charisma gets people to like you to trust you to want to join you Whether you re the leader of a country the leader of your Girl Scout troop or a freelance artist all alone in your studio charisma can help you get what you want **The Entrepreneurial Effect** James Bowen, 2022-08-10 The Entrepreneurial Effect is a collection of advice articles by successful high technology entrepreneurs based on their experiences Every budding entrepreneur seems to imagine a series of lunch dates with the most successful entrepreneurs in technology and other sectors of the Ottawa area Silicon Valley north What skills are seen as needed to be successful in starting growing and managing technology based business in the 21st century Every business
