The Elephant Man:

Articulating the Elephant Man Peter W. Graham, Fritz Oehlschlaeger, 1992 The surgeon Frederick Treves and the anthropologist Ashley Montagu helped make him famous Filmmaker David Lynch and playwright Bernard Pomerance made him a star According to the popular press singer Michael Jackson wanted to buy his bones from London Hospital Stories about Joseph Merrick the Elephant Man of Victorian England combine elements of myth and fable tragedy and melodrama freak show and farce And they seem to have perennial appeal In *Articulating the Elephant Man* Peter W. Graham and Fritz H. Oehlschlaeger examine how the phenomenon called the Elephant Man has been constructed and reconstructed how Joseph Merrick has been transformed from a suffering individual into an exhibit a shape shifting curiosity whose different guises variously suit the needs of particular audiences genres and interpreters Merrick's presenters have been a varied group of artists medical experts scholars and biographers But preceding them all is Merrick himself no mere passive sufferer but an individual who bravely endured and when he had to successfully exploited his outrageous bodily disorder According to Graham and Oehlschlaeger each account starting with Merrick's autobiographical pamphlet blends description and creation observation and self revelation and the selective recording alteration and suppression of details Telling the story of the Elephant Man whether as a drama a film a sequence of poems or a medical case study often reveals as much about the observer as it does about the subject The Victorians' accounts of Merrick for example reflect that era's tendency to normalize the extraordinary to colonize the exotic For them Merrick was both an ideal object of charity and a challenge to their most basic assumptions about humanity In our own time Merrick is cast as the ultimate outsider If it was culturally convenient for the Victorians to patronize Merrick and congratulate his benefactors contemporary cultural biases make it easier for us to admire him as a subversive hero and to debunk his exploiters Like the hero of a folk tale the real Merrick suffered indignities but enjoyed a dramatic change of fortune At the end of his life he had attained a measure of comfort a small portion of fame and the courteous notice of the eminent the beautiful even the royal At the heart of his story the authors suggest is Merrick's humanity and telling his story helps us define our own Merrick faced what every human being who grows old or falls ill must endure the sufferer's painful questions about cause and effect about personal guilt or cosmic cruelty He knew the isolation felt by every outsider the poor the homeless the victimized even the modern superstar And like each of us he must have wondered if appearance is after all a misleading mask
