Social Engineering Robert W. Gehl, Sean T. Lawson, 2022-03-08 Manipulative communication from early twentieth century propaganda to today's online con artistry examined through the lens of social engineering The United States is awash in manipulated information about everything from election results to the effectiveness of medical treatments Corporate social media is an especially good channel for manipulative communication with Facebook a particularly willing vehicle for it In *Social Engineering* Robert Gehl and Sean Lawson show that online misinformation has its roots in earlier techniques mass social engineering of the early twentieth century and interpersonal hacker social engineering of the 1970s converging today into what they call masspersonal social engineering As Gehl and Lawson trace contemporary manipulative communication back to earlier forms of social engineering possibilities for amelioration become clearer The authors show how specific manipulative communication practices are a mixture of information gathering deception and truth indifferent statements all with the instrumental goal of getting people to take actions the social engineer wants them to Yet the term fake news they claim reduces everything to a true false binary that fails to encompass the complexity of manipulative communication or to map onto many of its practices They pay special attention to concepts and terms used by hacker social engineers including the hacker concept of bullshitting which the authors describe as a truth indifferent mix of deception accuracy and sociability They conclude with recommendations for how society can undermine masspersonal social engineering and move toward healthier democratic deliberation

Radial Journalism Alexandra Kitty, 2023-03-28 This innovative book infuses journalism psychology sociology and political science to create a form of empirical and accessible research which allows journalists to move beyond their traditional roles as chronographers to active experimenters and creators of new systems of literacies This will allow society to report on complex matters across different groups and go beyond traditional media to disseminate information depending on resources and confines Radial journalism is an empirical method of journalism which goes beyond our traditional concepts of the profession from creating currency to public inquiries libraries and academic centres radial journalism functions by using harmonized literacies to map an environment's positive momentum to create novel and innovative solutions By focussing on an environment's positive momentum radial journalism allows anything to become a medium for the message from an academic study to a speech to graffiti This exciting new book demonstrates the power and triumph of empirical thought to show readers how to inform objectively to find new paths and solutions to even the most troublesome of crisis
