American Bookseller ,1987 **The Republic of Mass Culture** James L. Baughman, 1997 In his highly praised

Republic of Mass Culture James L Baughman offers a lively analysis of the impact that the advent of television has had on America s media industries He contends that because television had captured the largest share of the mass audience by the late 1950s rival media were forced to target smaller sub group markets with novel content that ranged from rock n roll for teenage radio listeners in the 1950s to the more sexually explicit films that began to appear in the 1960s For this updated edition Baughman includes in his discussion the effects of the new competitive realities of the 1990s on journalism filmmaking and broadcasting The dominance of marketplace values he argues has further fragmented the mass audience encouraged record breaking mergers between media companies and precipitated a steady and alarming decline in the quality of and public interest in journalism a trend that may ultimately threaten American democracy The Popular Music Handbook B. Lee Cooper,1984 **The 1960s** William Dudley,2000 Fulfills the standards Culture Individuals Groups and Institutions Power Authority and Governance and Science Technology and Society from the National Council for the Social Studies Curriculum Standards for High School Fulfills the standards Chronological Thinking Historical Comprehension Historical Analysis and Interpretation and Historical Research Capabilities from the National History Education Standards for American History Grades 5 12 *Promises to Keep* Paul S.
