a large group of different niches and I think it's fairly easy to adapt them to your own blog demographic if you need to. I also included different types of topics to help your readers get to know you and also increase the share quality of your posts because I think that both are super important in building a following as well as traffic. From my research and experience certain types of posts get more shares than others so I've made sure to include handfuls of those in this book. You can jump into the book at any page in no particular order whether you're just getting started with your blog or not. You can use the topics as is or even get a little creative and add your own spin on them. Enjoy your blogging journey. Dana Fox
