Critical Mass Felix Leach, Nick Molden, 2024-10-23 In an era where climate change dominates global discourse Felix Leach and Nick Molden dive deep into the complexity of vehicle emissions in their groundbreaking new book *Building on the Insights from Felix's Previous Work Racing Toward Zero* this new release confronts the bewildering landscape of automotive pollution with a clear rigorous approach what one piece of information can best describe the environmental impact of cars Our digital age bombards us with information yet meaningful understanding often eludes us particularly when it comes to climate issues like road vehicle emissions As simple solutions to such a complex problem remain elusive Leach and Molden advocate for a sophisticated yet accessible perspective They propose a radical simplification of how we consider the environmental impact of cars and explore the multifaceted impacts of various vehicle powertrains pushing beyond CO2 emissions to address broader environmental and societal concerns The authors introduce the Molden Leach Conjecture a bold universal solution that evaluates vehicles through a holistic lens This conjecture offers a comprehensive framework to assess and regulate environmental impact aiming to simplify complex choices for consumers and policymakers alike They propose a new paradigm for taxing vehicles as we move away from fossil gasoline and diesel enabling policymakers to address pollution and underpin tax revenues simultaneously In a world where climate action is critical yet convoluted Leach and Molden's book promises clarity and actionable insight It's not just about finding answers it's about finding the right ones Join the journey to demystify automotive emissions and drive meaningful change As a former Secretary of State for the Environment and later Industry I welcome this contribution to the most important challenge of our time Michael Hesletine former Deputy Prime Minister of the United Kingdom ISBN 9781468608212 ISBN 9781468608229 ISBN 9781468608236 <https://doi.org/10.4271/9781468608229>

Noah's Pit Stop Simon Young, 2011-01-14 Professor Leif Hansen a wealthy Danish botanist builds a pioneer ecovillage for scientists to begin research into lichen that could one day produce oxygen on Mars for future space missions NASA agrees to help with the project and finds a suitable location for his research in Namibia South West Africa where he and his fellow ecovillagers can research permaculture eco living and getting back in touch with Mother Nature Unknown to him a cabal founded by surviving Nazis are planning World War Three and some of their members plan to take it by force as a haven As the nuclear holocaust threatens their existence the villagers resort to extreme measures to defend their precious oasis in the desert that they have strived for years to build while battling both local militia and mercenaries But what if the green revolution isn't what we think it is

Enchantment Guy Kawasaki, 2012-12-31 *Enchantment* as defined by bestselling business guru Guy Kawasaki is not about manipulating people It transforms situations and relationships It converts hostility into civility and civility into affinity It changes skeptics and cynics into believers and the undecided into the loyal *Enchantment* can happen during a retail transaction a high level corporate negotiation or a Facebook update And when done right it's more powerful than traditional persuasion influence or marketing techniques

Kawasaki argues that in business and personal interactions your goal is not merely to get what you want but to bring about a voluntary enduring and delightful change in other people By enlisting their own goals and desires by being likable and trustworthy and by framing a cause that others can embrace you can change hearts minds and actions

Confessions of the Pricing Man Hermann Simon,2015-10-20

The world s foremost expert on pricing strategy shows how this mysterious process works and how to maximize value through pricing to company and customer In all walks of life we constantly make decisions about whether something is worth our money or our time or try to convince others to part with their money or their time Price is the place where value and money meet From the global release of the latest electronic gadget to the bewildering gyrations of oil futures to markdowns at the bargain store price is the most powerful and pervasive economic force in our day to day lives and one of the least understood The recipe for successful pricing often sounds like an exotic cocktail with equal parts psychology economics strategy tools and incentives stirred up together usually with just enough math to sour the taste That leads managers to water down the drink with hunches and rules of thumb or leave out the parts with which they don t feel comfortable While this makes for a sweeter drink it often lacks the punch to have an impact on the customer or on the business It doesn t have to be that way though as Hermann Simon illustrates through dozens of stories collected over four decades in the trenches and behind the scenes A world renowned speaker on pricing and a trusted advisor to Fortune 500 executives Simon s lifelong journey has taken him from rural farmers markets to a distinguished academic career to a long second career as an entrepreneur and management consultant to companies large and small throughout the world Along the way he has learned from Nobel Prize winners and leading management gurus and helped countless managers and executives use pricing as a way to create new markets grow their businesses and gain a sustained competitive advantage He also learned some tough personal lessons about value how people perceive it and how people profit from it In this engaging and practical narrative Simon leaves nothing out of the pricing cocktail but still makes it go down smoothly and leaves you wanting to learn more and do more as a consumer or as a business person You will never look at pricing the same way again

The Top Books of the Year Toyota Noah Free The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous compelling novels captivating the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the captivating narratives that have charmed audiences this year. Toyota Noah Free : Colleen Hoover's "It Ends with Us" This heartfelt tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Toyota Noah Free : Delia Owens "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is an exceptional and gripping novel that will keep you guessing until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
