(How long should you spend on each?)

### What?

What changes would you expect to see if you placed a piece of metal in a beaker of water and connected it to a battery? How long would it take for the metal to corrode? How long would it take for the metal to be completely dissolved? How long would it take for the metal to be completely oxidized? How long would it take for the metal to be completely reduced? How long would it take for the metal to be completely oxidized and reduced? How long would it take for the metal to be completely oxidized and reduced?

### Model 1 – Galvanic Cell

1. Describe the reaction in Model 1. How long would it take for the metal to be completely oxidized? How long would it take for the metal to be completely reduced? How long would it take for the metal to be completely oxidized and reduced? How long would it take for the metal to be completely oxidized and reduced?
2. Describe the reaction in Model 1. How long would it take for the metal to be completely oxidized? How long would it take for the metal to be completely reduced? How long would it take for the metal to be completely oxidized and reduced? How long would it take for the metal to be completely oxidized and reduced?
