An authoritative manual for psychic development, *The Psychic Energy Codex* explores the roots of modern metaphysical beliefs, including the doctrine of the subtle body in the Western tradition, the origin of belief in the chakras, and core principles behind time-honored techniques such as meditation and creative visualization. Like Belanger's *Psychic Vampire Codex*, *The Psychic Energy Codex* makes esoteric topics accessible and understandable. *The Psychic Energy Codex . . . - De-mystifies psychic experience, taking a practical, rational approach to phenomena from psychometry to spirit communication with a style that will engage beginners and experts alike - Provides many hands-on exercises that encourage readers to develop their own beliefs based on direct personal experience - Teaches readers the underlying principles of psychic phenomena that can then be applied to any interaction with the subtle world* Written in Belanger's engaging, almost novelistic style, the parts of this book that tell her own story draw readers into the possibility that they, too, can develop their own innate abilities. Vampires Today Joseph P. Laycock,2009-05-14 This book about real vampires and the communities they have formed explores the modern world of vampirism in all its amazing variety Long before Dracula people were fascinated by vampires The interest has continued in more recent times with Anne Rice s Lestat novels Buffy the Vampire Slayer the HBO series True Blood and the immensely popular Twilight But vampires are not just the stuff of folklore and fiction Based upon extensive interviews with members of the Atlanta Vampire Alliance and others within vampire communities throughout the United States this fascinating book looks at the details of real vampire life and the many expressions of vampirism as it now exists In *Vampires Today The Truth about Modern Vampirism* Joseph Laycock argues that today s vampires are best understood as an identity group and that vampirism has caused a profound change in how individuals choose to define themselves As vampires come out of the coffin as followers of a religion or lifestyle or as people biologically distinct from other humans their confrontation with mainstream society will raise questions as it does here about how we define normal and what it means to be human
