Does Santa Exist A Philosophical Investigation:

Does Santa Exist? Eric Kaplan, 2015-10-27 In the hands of acclaimed comedy writer and philosophy scholar Eric Kaplan a search for the truth about Old Saint Nick becomes a deeply insightful laugh out loud discussion of the way some things exist but may not really be there just like Santa and his reindeer

Questioning the Incarnation Peter

Shepherd, 2018-03-30 The classic Christological formulations of the 4th and 5th Centuries are basically meaningless today Questioning the Incarnation offers a new approach to Christology based on modern biblical scientific and philosophical studies Whilst using different concepts and language and courting controversy and disagreement the overall thrust of the study is to take Jesus humanity seriously whilst seeking to interpret what may be meant by his divinity in a way that remains fully Trinitarian and which takes seriously the intentions of the early Church Fathers

Mind over Matter: How

Spirituality Changes Lives, 2025-02-27 Mind over Matter is an interdisciplinary collection of essays exploring how spirituality changes lives in a variety of ways Unlike much philosophically rooted literature on spirituality it encourages an understanding of what can be achieved through faith belief and self confidence without reliance on specific or necessarily any religious doctrines or views From theistic non theistic or atheistic perspectives each chapter addresses a distinctive phenomenon for example spirituality and healing spirituality and art spirituality and running and spirituality as a response to disaster Not only do they integrate the results of scientific research and other intellectual investigations to illuminate accomplishments and sometimes possible sources of failure but they are also written by academics with practical experience in relevant areas or at least informed by ideas of practitioners

Question Everything Peter Catapano, Simon

Critchley, 2022-10-25 An essential addition to the Stone Reader series Question Everything is a groundbreaking collection of philosophical essays from some of our foremost thinkers and storytellers When The Stone Reader a landmark collection of 133 essays from the New York Times award winning philosophy column first published in 2015 the world urgently needed insight and wisdom and for many the book served as a bulwark of reason against the rising tide of post fact rhetoric Now as disinformation continues to run rampant and our rights are increasingly called into question editors Peter Catapano and Simon Critchley contend that philosophy in the public sphere is more crucial than ever Like The Stone Reader and its sequel Modern Ethics in 77 Arguments Question Everything delivers the contrarian views sound arguments and creative approaches to traditional opinion writing that loyal readers of the series have come to expect Its essays however are not organized by traditional categories like ethics or epistemology but thematically by question thirteen of them in all the first twelve like the hours of a clock ticking us through the tumultuous time in which these pieces were written from late 2015 to 2021 with the last speculating into an uncertain future The volume begins with the most fundamental of questions What does it mean to be human There contemporary thinkers from Martha Nussbaum to Bernard Henri L vy explore the essence of who we are as a species The next question Is democracy possible interrogates our social and political ideals While Malka Older calls into

question the viability of our institutions philosophers Gary Gutting and Alex Rosenberg reassess the meaning of patriotism And onward with more timeless struggles What is happiness Does life have meaning Finally it asks Is this the end of the world as we know it Now what While its foundation and core consists of the work of professional scholars and philosophers Question Everything also features a number of prominent artists and thinkers who may never appear on a philosophy syllabus including among others novelist Elena Ferrante actor Cate Blanchett filmmaker Errol Morris musician Sonny Rollins and artist Ai Weiwei all of whom offer insights shaped by decades of devotion to and practice of their crafts Designed both for immediate gratification and long term use Question Everything with an introduction by Catapano is not only an essential addition to a much loved series but an act of resistance a product as Catapano writes of the spirit of agitation and inquiry that has been integral to the human enterprise from the beginning of recorded history *Unidentified Funny Objects 4* George R.
