Lucian Boia Humanitas:

Intercultural Conflict and Harmony in the Central European Borderlands Mihai I. Spariosu, 2017-05-15 This crossdisciplinary collection of essays combines qualitative and quantitative approaches to re-examine the most influential contemporary theories of intercultural relations and their application in various domains including historiography sociology and cultural studies A particular focus lies on Central Europe historical Banat and Transylvania but also on the current public policies toward ethnic and religious minorities as well as recent immigrants It argues that much more complex approaches are needed both historically and conceptually in exploring intercultural relations Thus the political decision making in East Central European countries and the European Union as a whole could benefit from a well informed historical perspective by learning from the successes and errors of their predecessors

The Political Anthropology of Ethnic and Religious Minorities Arpad Szokolczai, Agnes Horvath, Attila Z. Papp, 2018-12-07 This book presents some arguments for why a political anthropological perspective can be particularly helpful for understanding the connected political and cultural challenges and opportunities posed by the situation of ethnic and religious minorities The first chapter shortly introduces the major anthropological concepts used including liminality trickster imitation and schismogenesis concepts that are used together with approaches of historical sociology and genealogy especially concerning the rise and fall of empires and their lasting impact The conceptual framework suggested here is particularly helpful for understanding how marginal places can become liminal appearing suddenly at the center of political attention The introduction also shows the manner in which minority existence can problematize the depersonalizing tendencies of modern globalization Subsequent chapters demonstrate how the described political anthropological conceptual framework can be used in certain European regions and in the case of certain ethnic and religious minority and each illustrates that instead of charismatic leaders trickster politicians are emerging and increasingly dominate through the public sphere the space of modern politics emptied of real presence The chapters in this book were originally published as a special issue of Nationalism and Ethnic Politics

Capitalism in Chaos Máté Rigó, 2022-08-15 Capitalism in Chaos explores an often overlooked consequence and paradox of the First World War the prosperity of business elites and bankers in service of the war effort during the destruction of capital and wealth by belligerent armies This study of business life amid war and massive geopolitical changes follows industrialists and policymakers in Central Europe as the region became crucially important for German and subsequently French plans of economic and geopolitical expansion in the late nineteenth and early twentieth centuries Based on extensive research in sixteen archives five languages and four states M t Rigó demonstrates that wartime destruction and the birth of war millionaires were two sides of the same coin Despite the recent centenaries of the Great War and the Versailles peace treaties knowledge of the overall impact of war and border changes on business life remains sporadic based on scant statistics and misleading national foci Consequently most histories remain wedded to the viewpoint of national governments

and commercial connections across national borders Capitalism in Chaos changes the static historical perspective by presenting Europe's East as the economic engine of the continent Rig accomplishes this paradigm shift by focusing on both supranational regions including East Central and Western Europe as well as the eastern and western peripheries of Central Europe Alsace Lorraine and Transylvania from the 1870s until the 1920s As a result Capitalism in Chaos offers a concrete lively history of economics during major world crises with a contemporary consciousness toward inequality and disparity during a time of collapse *Old Cities, Former Capitals and the Nation-State Building in Southeastern Europe: Regional and National Identities* Cristian Ploscaru, Cosmin Mihut, Mihai-Bogdan Atanasiu, 2025-11-05 Contents Regionalism Analytical Approaches Moving Cities Urban Culture and Community Identity in Change Historical Identity and Culture in National Context Dramatic Past Uncertain Future Building Identities in Wartime **Romania Since 1989** Henry F. Carey, 2004-01-01 The most comprehensive study of Romanian politics ever published abroad this volume represents an effort to collect and analyze data on the complex problems of Romania's journey from sultanistic national communism to a yet unreached democratic government **Balkan Legacies** John Paul Newman, Balázs Apor, 2021-06-15 *Balkan Legacies* is a study of the aftermath of war and state socialism in the contemporary Balkans The authors look at the inescapable inheritances of the recent past and those that the present has to deal with The book's key theme is the interaction often subliminal of the experiences of war and socialism in contemporary society in the region Fifteen contributors approach this topic from a range of disciplinary backgrounds and through a variety of interpretive lenses collectively drawing a composite picture of the most enduring legacies of conflict and ideological transition in the region without neglecting national and local peculiarities The guiding questions addressed are what is the relationship between memories of war dictatorship communist or fascist and present day identity especially from the perspective of peripheral and minority groups and individuals How did these components interact with each other to produce the political and social culture of the Balkan Peninsula today The answers show the ways in which the experiences of the latter part of the twentieth century have defined and shaped the region in the twenty first century *A Poetics of Utopia* Mircea Crăciun, 2011 *Stalinism for All Seasons* Vladimir Tismaneanu, 2003-10-15 This history of the Romanian Communist Party RCP traces its origins as a tiny clandestine revolutionary organization in the 1920s to its years in national power from 1944 to 1989 and to the post 1989 metamorphoses **Transition**, 1998 *The International Reception of T. S. Eliot* Elisabeth Däumer, Shyamal Bagchee, 2007-08-28 A collection of essays focussing on the international reception and subsequent influence of T S Eliot **Power and Literature** Florin Oprescu, 2018-08-21 At the core of this book lies the relation between Power as socio political phenomenon and the novel as literary discourse It shows that in a society facing the excess of power in its various forms novelistic fiction mediates knowledge about societal Power structures and uses specific strategies to subvert and denounce them The first part of the study is theoretical it presents some of the most prominent theories of Power from Plato

Machiavelli Nietzsche to Weber Dahl Lukes Parsons Bourdieu or Foucault After offering a critical approach to the concepts of Power defined in the social political and philosophical fields it articulates the relations of Power imprinted in literary discourse within a typology of four categories In the second part of the book this taxonomy of Power is applied to four key novels in the context of Romanian literary crossroads showing how novelistic fiction not only assume a critical and subversive position against the excess of Power but also unveils our fragility when experiencing History

Final Report International Commission on the Holocaust in Romania,2005 The International Commission on the Holocaust in Romania was established in October 2003 on the initiative of Ion Iliescu the President of Romania this final report was presented to him in November 2004 The aim of the Commission was to research the facts and determine the truth about the Holocaust in Romania during World War II The report examines various aspects of the state organized participation of Romania in the mass murder of Jews in Romania and in Romanian controlled territories as well as in northern Transylvania where the genocide was perpetrated by the Nazis and their Hungarian allies Inter alia it discusses antisemitism and the evolution of Romanian anti Jewish policies from the late 1930s to 1944 the impact of the Soviet annexation of Bessarabia and Northern Bukovina on antisemitism in Romania anti Jewish incidents in 1940 and the pogroms in Bucharest and Ia i mass murders of Jews in the recaptured provinces and deportation to Transnistria in 1941 mass murder of Jews in Odessa and in Transnistrian camps the Romanianization of the economy and the expropriation of Romanian Jews the reaction of the Jewish community in Romania to anti Jewish policies and the personal responsibility of Ion Antonescu for the genocide Relates also to war crimes trials held in Romania and to the trivialization of the Holocaust and its selective and outright denial in postwar Romania
