- o Comprehension Case: These cases generate a deeper understanding of the core concepts by applying chapter concepts in an open-ended question format. They are the most difficult interactive applications in Connect and are the only exercises that are manually graded.
- o Case Analysis: Written by the authors and leaders in the OB field, the case analysis exercise directs students to apply the chapter's objectives to a real-world based company individual and determine the best course of action for the company individual through a series of multiple choice questions.
