Burst This Frank McKinney s Bubble Proof Real Estate Strategies clearly shows you how to prepare for and time the upswings while insulating your real estate investments from the inherent inevitable corrective cycle The truth is that opportunities to profit abound during every phase Lots of people prosper in boom times of course but many set themselves up to make even bigger money during a crisis correction Why not do both now Investors of all experience levels learn to turn the bubble mentality inside out transforming it into a protective force field and a crystal ball allowing you to accurately forecast your real estate future You will see how you can aspire not just to survival but also to what McKinney calls thrival developing your ability to capitalize on market conditions

McKinney takes you on a factual real estate retrospective a post mortem of the housing markets beginning with the mid seventies to today By studying six distinct real estate cycles over the last thirty five years he sifts out critical recurring trends that highlight significant opportunities while signaling you where history might repeat itself You will see exactly how McKinney has successfully handled these predictable cycles with timeless financial and investment strategies Hear a resounding counter opinion to the doomsayers and the get rich quick schemers who crawl out of the cesspool whenever the market s pendulum swings too far in one direction and guard against falling into their traps Discover why the positive and negative excitement a k a greed and fear associated with boom and bust times are your worst enemies brought out by nothing more than recurring market cycles Get the evidentiary truth not the fear mongering or the sugar coating on real estate s ups and downs Pinpoint the real estate investments and a proven approach to marketing them that have consistently shown immunity to the market s volatile fluctuations
