A Basic Guide To Contemporary Islamic Banking And Finance:

A Basic Guide to Contemporary Islamic Banking and Finance Mahmoud Amin El-Gamal,2000 **A Basic Guide to Contemporary Islamic Banking and Finance** Mahmoud Amin El-Gamal,2000 **Handbook of Empirical Research on Islam and Economic Life** M. Kabir Hassan,2016-12-30 In Islamic jurisprudence a comprehensive ethic has been formulated governing how business and commerce should be run how accountability to God and the community is to be achieved and how banking and finance is to be arranged This Handbook examines how well these values are translated into actual performance It explores whether those holding true to the system are hindered and put at a disadvantage or whether the Islamic institutions have been able to demonstrate that faith based activities can be rewarding both economically and spiritually

Islamic Law and International Commercial Arbitration Maria Bhatti,2018-09-27 This book examines the intersection between contemporary International Commercial Arbitration and Shari a law in order to determine possible tensions that may arise between the two systems It develops evidentiary and procedural rules under Shari a as well as examining the consequences of stipulating qualifications of arbitrators based on gender and or religion The author extensively analyses the prohibition against interest riba and uncertainty gharar under Shari a and its impact on arbitration agreements arbitral awards and public policy The book also explores the prohibition against riba in light of international conventions such as the United Nations Convention on Contracts for the International Sale of Goods Case studies in the book include the Asian International Arbitration Centre formerly the Kuala Lumpur Regional Centre for Arbitration and the International Islamic Centre for Reconciliation and Arbitration as well as the Shari a Standards developed by the Accounting and Auditing Organization for Islamic Financial Institutions The book will be a valuable resource for academics students and practitioners working in the areas of Islamic law and the Islamic finance industry

Modern Challenges to Islamic Law Shaheen Sardar Ali,2016-10-06 The diversity of interpretation within Islamic legal traditions can be challenging for those working within this field of study Using a distinctly contextual approach this book addresses such challenges by combining theoretical perspectives on Islamic law with insight into how local understandings impact on the application of law in Muslim daily life Engaging with topics as diverse as Islamic constitutionalism Islamic finance human rights and internet fatawa Shaheen Sardar Ali provides an invaluable resource for scholars students and practitioners alike by exploring exactly what constitutes Islamic law in the contemporary world Useful examples case studies a glossary of terms and the author s personal reflections accompany traditional academic critique and together offer the reader a unique and discerning discussion of Islamic law in practice

The Transnational and the Local in the Politics of Islam Delmus Puneri Salim,2015-02-26 This book explores the relationship between transnational and local Islam as expressed in public discourse and policy making as represented in the local press It does so against the background of local governments in majority Muslim regions across Indonesia promoting and passing regulations that mandate forms of social or economic behaviour seen to be compatible with

Islam The book situates the political construction of Islamic behaviour in West Sumatra and in Indonesia more generally within an historical context in which rulers have in some way engaged with aspects of Islamic practice since the Islamic kingdom era The book shows that while formal local Islamic regulations of this kind constitute a new development their introduction has been a product of the same kinds of interactions between international national and local elements that have characterised the relationship between Islam and politics through the course of Indonesian history The book challenges the scholarly tendency to over emphasise local political concerns when explaining this phenomenon arguing that it is necessary to forefront the complex relationship between local politics and developments in the wider Islamic world To illustrate the relationship between transnational and local Islam the book uses detailed case studies of four domains of regulation Islamic finance zakat education and behaviour and dress in a number of local government areas within the province

Introduction to Islamic Banking and Finance Brian Kettell,2008 This book highlights the key characteristics of Islamic banking which differentiate it from conventional banking This detailed book highlights how Islamic banking is inconsistent with the Sharia a and as such an important part of the system is the prohibition on collecting interest This central religious precept appears to rule out most aspects of modern finance but it does allow money to be used for trading tangible assets and business which can then generate a profit Brian Kettell s book looks at all aspects of Islamic banking including detailed chapters on its creation through to explanations of Murabaha and Musharaka contracts Ijara and Istisna a financing methods as well as Salam and Takaful insurance Finally the book takes a look at Sharia a law and Sharia a boards indicating the roles and responsibilities that come with membership

A Model for Islamic Development Shafiullah Jan, Mehmet Asutay,2019 This book aims to explore and analyse Islamic Moral Economy IME as an alternative economic and social system to capitalism and socialism It proposes a new model of Islamic development integrating global development within an Islamic framework of spiritual development It is argued that the failure of Muslim countries to provide basic necessities and an environment free of oppression and injustice can be overcome with this authentic Islamic development framework In addition this book can be an important study to identify the theological political social and economic boundaries for changing the society to produce IME oriented developmentalism

Implementing Takaful in India Syed Ahmed Salman,2021-10-07 This book encourages insurance companies and regulators to explore offering Islamic insurance to boost the insurance industry in India The distinctive features of Takaful also make it appealing even to non Muslims According to the 2012 World Takaful Report India has immense potential for Takaful is based on the size of its Muslim population and the growth of its economy However it is surprising that Takaful has yet to be introduced in India since it has been offered in non majority Muslim countries such as Singapore Thailand and Sri Lanka When the concept and practice of Takaful are examined it is free from interest uncertainty and gambling These are the main elements prohibited in Islam However it has been evidenced that these elements are also banned in teaching other religions believed by the Indians Given this landscape this book fills the gap

in research on the viability of Takaful in India focusing on its empirical aspects by examining the perception of Indian insurance operators toward Takaful

Symposium ,2008 **The Dual Banking System of the United States of America** Houssem Eddine Bahi,2016-02-17 Master s Thesis from the year 2015 in the subject Law Public Law Constitutional Law Basic Rights University of Carthage Faculty of Legal Political and Social Sciences course Common Law language English abstract This master s thesis explains the dual banking system in the USA The experience of a national bank similar to the British bank was the first step in the creation of the dual banking system in the United States of America this latter system was enforced through history The government felt the need to a national bank The First National Bank because of some debt from a Revolutionary War and due to the diversity of currency forms Up to the time of the bank s charter coins and bills were issued by state banks Proposed by Alexander Hamilton the Bank of the First United States was chartered for twenty years in 1791 to serve as a repository for federal funds and as the government s fiscal agent The creation of a national bank seemed unconstitutional at that time for many members of the congress They argued that such an institution would be implementing a monetary monopoly within the United States especially that one of the reasons of this creation is to unify the currency which means that the National Bank will be the only authorized party that can issue money notes As a private institution shares were sold to private parties and after few years of the creation of the bank 70 percent of the shares were owned by foreigners This fact was not strange to the American financial system but politicians had worries about it Thus in 1811 after 20 years of the first charter the re chartering process failed and did not pass in the congress The second relevant fact that

enforced the dual banking system was the two national banking acts in 1863 and in 1864 The National Bank Acts were two United States federal laws that established a system of national charters for banks the United States national banks

Islamic Economic Studies ,2009 **Islamic Horizons** ,2001 **Thurgood Marshall** ,2009 **Taxation and Zakat on Islamic Finance Instrument** Abdul Ghafar Ismail,Muhammad Hakimi Mohd Shafiai,Salman Ahmed Shaikh,2019

Taxation and Zakat on Islamic Finance Instruments feature essays covering Islamic finance practice and the tax hurdles faced in different jurisdictions The book highlights how the distinguishing features in Islamic finance do not hamper the economic purpose of most product structures Therefore it makes a strong case for according tax neutrality for a level playing field enabling access to finance in developing countries fostering financial inclusion of voluntarily excluded faith conscious people and bringing competitiveness to the financial industry This book gives an account of the taxation framework in a diverse set of regions and countries and provides a comparative look to see how and where progress is made and how different countries were able to have assimilation at a greater speed than others The book also attempts to highlight the ground realities and the common issues faced in current practice It attempts to be relevant for active policy making in the current scenario by giving a detailed and up to date account of developments in the taxation and regulatory framework for Islamic finance in major regions where Islamic finance has a greater presence and where the potential for future growth is high The book gives due coverage to the taxation issues arising in Islamic banking and Islamic capital markets as well as how to apply a unique Islamic approach to curb the concentration of wealth through the institution of zakat in contemporary economies and financial instruments **Al-fikr** ,2007 **Arizona Journal of International and Comparative Law** ,2008
