Bob Sadino:

Success Philippe Remy, 2021-03-25 Two friends John and Jeffrey had joined a big sales company together just after graduation Both of them worked really hard Three years have passed and the company's director promoted one of them Jeffrey became sales executive John did not get any promotion and remained at sales department John decided that it is unfair so he came to his boss and told him that he doesn't appreciate a hard working staff The boss knew that John works hard and in order to show difference between him and Jeffrey he asked Go and find anyone selling watermelons in the market When John returned the boss asked How much per kg So John went back to the market and then returned to say the price 16 per kg Then the boss asked Jeffrey the same thing Jeffrey went to the market and when he returned he told at the moment there is one person selling watermelons 16 per kg 120 for 10 kg now he has 356 watermelons in stock On the table there are 48 water melons each of them weighs about 15 kg Water melons were bought from the South two days ago they are fresh and good quality John was impressed by the difference between him and Jeffrey He realized that he needs to learn a lot from his friend As you can see from this story successful people are more observant They think and see several years ahead while most of people see only today Inside this book you will learn how to become successful With the four principals elements presented in this book This book will help you see farther in the time It will help you think about achieving your goals by sitting up a plan and follow these four amazing steps to get the promotion you always wanted The become smarter than you are today To become the Leader you wanted to be To get The business you always dream about You might be John today but after reading this book I am sure you will be someone more pragmatic than Jeffrey
