Identity Excellence Perry L. Glanzer, 2022-07-18 American higher education historically and inherently is a morally formative endeavor Yet in order to respond to America s moral pluralism higher education has increasingly taken a reductionistic approach to moral formation Consequently it abandoned the effort to supply students with moral expertise Current approaches help students learn how to be excellent professionals and citizens but they fail to provide the necessary tools for living the good life in college and beyond Identity Excellence A Theory of Moral Expertise for Higher Education addresses this problem by setting forth a multi disciplinary theory of moral expertise for fostering moral excellence in an array of important identities To this end it teases apart the essential elements of what it means to be excellent in an identity before discussing the philosophical sociological psychological and educational processes necessary for students to internalize traditions of identity excellence as part of their own moral identities Overall the emergent theory exposes the shortcomings in contemporary general education professional ethics and co curricular education Finally this book sets forth a bold but compelling vision for a more hopeful future for American higher education As outlined within such education involves teaching students excellence in the Great Identities as well as how to prioritize and integrate their pursuit of identity excellence

Beyond Integrity Scott Rae, Kenman L.

Wong,2012-02-21 Integrity is essential to Judeo Christian business ethics But today s business environment is complex Those in business and those preparing to enter the business world need to grapple with the question of how integrity and biblical ethics can be applied in the workplace They need to go beyond integrity in their thinking Beyond Integrity is neither excessively theoretical nor simplistic and dogmatic Rather it offers a balanced and pragmatic approach to a number of concrete ethical issues Readings from a wide range of sources present competing perspectives on each issue and real life case studies further help the reader grapple with ethical dilemmas The authors conclude each chapter with their own distinctly Christian commentary on the topic covered This Zondervan ebook of the third edition has been revised to provide the most up to date introduction to the issues Christians face in today s constantly changing business culture Revisions include 30 new case studies 13 new readings 50% substantially revised sidebars that reflect the issues in the news and business press summaries and material for discussion *Comprehensive Dissertation Index* ,1989 **Christian Reconstruction** Gary North,1991 *The Philosopher's Index* ,1992 Vols for 1969 include a section of abstracts *Comprehensive Dissertation Index, 1861-1972: Philosophy and religion* Xerox University Microfilms,1973 *Forthcoming Books* Rose Army,2000 **Biblical Perspectives on Business Ethics** Charles Colson,Wayne Grudem,Peter Lillback,2012-12-10 Why do good people do bad things What will happen to our economic principles if we lose our Christian worldview Does God call some to be in business How can the church support the business community Biblical Perspectives on Business Ethics How the Christian Worldview has Shaped Our Economic Foundations answers these questions and provides a foundation framework of understanding for all those seeking to have a biblical understanding of commerce This book was born out of a business ethics conference which took place in Philadelphia in 2010 Chuck Colson Peter Lillback Philip Ryken Wayne Grudem and several others have come together to encourage and strengthen the reader in an informed Christian worldview as it relates to business **Books in Print Supplement** ,2002 Subject Guide to Children's Books in Print 1997 Bowker Editorial Staff,R R Bowker Publishing,1996-09 Religious Perspectives on Business Ethics Thomas O'Brien,Scott Paeth,2006-11-17 In the first anthology of its kind Thomas O Brien and Scott Paeth have gathered unique pieces from across religious perspectives to illustrate the growing influence and contribution of religion to the field of business ethics Events in the recent past make clear people in business urgently need to focus on the moral dimension of practices and behaviors Courses in business ethics are increasingly more prevalent in business schools and in departments of philosophy and religious studies and yet texts for these courses normally pay scant attention to the much needed religious perspective on what constitutes ethical practice and behavior O Brien and Paeth now fill that need with this new text Tackling such wide ranging subjects as Jewish environmental ethics Zen in the workplace and Christian social ethics this text is a valuable addition to any business ethics course **American Book Publishing Record** ,1998 **The Christian Century** ,1952 Business for the Common Good Kenman L. Wong,Scott B. Rae,2011-01-28 Is business just a

way to make money Or can the marketplace be a venue for service to others Scott B Rae and Kenman L Wong seek to explore this and other critical business issues from a uniquely Christian perspective offering up a vision for work and service that is theologically grounded and practically oriented **Directory of American Scholars: Philosophy, religion and law** ,1999
