In Business Statistics A First Course the authors leverage their unique blend of teaching, consulting and entrepreneurial experiences to bring a modern business edge and dynamic approach to teaching statistics to business students. Focusing on statistics in the context of real business issues, the text emphasizes analysis and understanding over computation. This approach helps students be analytical, preparing them to make better business decisions and effectively communicate results.

The authors have an accessible and compelling writing style and use short targeted chapters to build understanding of new topics They integrate current business applications to capture students attention and teach statistical concepts needed in the modern business world The Second Edition provides a wealth of examples and exercises so that the story is always tied to the way statistics is used to make better business decisions New to this edition are For Examples illustrative examples Section Exercises single concept exercises and part ending Case Studies which are more in depth than the Brief Cases located at the end of chapters To help students become proficient with technology the Second Edition includes instructions for JMP R Minitab R and SPSS R as well as new and expanded coverage of Excel R 2010 and the add in XLSTAT TM for Pearson Screenshots of output are included throughout the chapters 0321890256 9780321890252 Business Statistics A First Course Plus MyStatLab Access Card Package Package consists of 0321838696 9780321838698 Business Statistics A First Course 0321847997 9780321847997 My StatLab Glue in Access Card 032184839X 9780321848390 MyStatLab Inside Sticker for Glue In Packages *Business Statistics* John E.
