Catalog Iowa State University,1911 *Workshop / Manufacturing Practices | AICTE Prescribed Textbook - English*
Veeranna D. Kenchakkanavar,2021-11-01 The textbook on Workshop Manufacturing Practices is designed to cater the needs
of young minds of 21 century The AICTE model curriculum and National Education Policy has driven a new wave in the
technical education The textbook is designed not only to cater the need of the syllabus but also to look things in a different
perspective The Workshop is the place where the core of learning about different materials equipment tools and techniques
takes place Basically the workshop used to prepare the small components by hand tools Sometimes they may be parts of the
large machines or may may be parts for replacement repairs In this text book an attempt has been made to connect the
conventional tools usage to advanced machine tools usage The relevant practical examples are quoted to make the readers
more comfortable with product and processes The blooms taxonomy is followed in construction of each chapters and
exercises The objective and multiple questions with higher order thinking may help the readers to not only to face the
semester end exam even they may help in competitive and other examinations Salient Features | Manufacturing Methods |
