Twitter WhatsApp and email personal letters seem somehow out of date or at least far from most people's everyday experience This book is a rare and unique collection of letters personally written by Osho to participants from his early meditation events These are not letters to people and their personalities these are letters to our souls Osho addresses essential issues and concerns that arise on the path of meditation and self discovery The letters are encouragements to continue the process of meditation and address subjects like Self Acceptance Wisdom Consciousness The Quest for Life A Life of Freedom Earth Is Our Home Dropping Fear Dealing with Anger Rebellion and many more in a direct and penetratingly personal way Osho explains this about the value of writing letters If I write anything I write letters because a letter is as good as something that is spoken It is addressed I have not written anything except letters because to me they are a manner of speaking The other is always there before me when I write a letter The OSHO works consist almost exclusively of the spoken word addressed directly to individual people or larger audiences These talks were recorded and then transcribed and published as books This book represents one of the rare exceptions in the collected works of Osho in which his written personal letters are published Each one of these letters is like an condensed Osho Talk in haiku form He would meet with these correspondents time and again at his meditation camps or while staying in their homes This volume is a selection of his replies to their letters queries and calls for help His words are intimate incisive poetic playful and loving His encouragement to his correspondents to keep going on their chosen path of meditation and awareness while living loving and working in the ordinary world to keep their flame of commitment burning brightly when he is not physically present can inspire whomever opens this book

The Book of Understanding Osho,2006-02-14 The path to freedom is filled with questions and uncertainty Is it possible to truly know who we are Do our lives have a purpose or are we just accidental What are we meant to contribute What are we meant to become to create and to share In The Book of Understanding Osho one of the most provocative thinkers of our time challenges us to understand our world and ourselves in a new and radical way The first step toward understanding he says is to question and doubt all that we have been taught to believe All our lives we ve been handed so called truths by countless others beliefs we learned to accept without reason It is only in questioning our beliefs assumptions and prejudices that we can begin to uncover our own unique voice and heal the divisions within us and without Once we discover our authentic self we can embrace all aspects of the human experience from the earthy pleasure loving qualities that characterize Zorba the Greek to the watchful silent qualities of Gautam the Buddha We can become whole and live with integrity able to respond with creativity and compassion to the religious political and cultural divides that currently plague our society In this groundbreaking work Osho identifies loosens and ultimately helps to untie the knots of fear and misunderstanding that restrict us leaving us free to discover and create our own individual path to freedom

The Art of Living and Dying Osho,2017-06-06 Death cannot be denied by repeating that death does not exist Death will have to be known it will have to be encountered it will have to be lived You will have to become acquainted with it Osho Why are we

afraid of death How do I relax in the certainty of death Is the theory of reincarnation true How can I celebrate death as you suggest With depth clarity compassion and even humor Osho answers these questions and many others shedding new light on this most sacred of mysteries and providing practical guidance for meditation and support In *The Art of Living and Dying* Osho not only reveals that our fear of death is based on a misunderstanding of its nature but that dying is a tremendous opportunity for inner growth Death is not an event but a process and one that begins with birth Each exhalation is a small death each inhalation a rebirth When life is lived consciously and totally death is not a catastrophe but a joyous climax

*Osho : The Book Of Understanding - Creating Your Own Path To Freedom* Osho, *3 Steps to Awakening*

Osho,2018-01-10 Waking up or awakening means that the dream is over the dream of unconsciousness we all spend most of our lives in often a life of tensions anguish feeling unfulfilled and running after illusions which are just substitutes of what we are really looking for This little book is actually a big book containing Osho's entire teaching from an early period of his public life and teachings He takes us through three steps on the path to awakening steps to help us to get out of our conditioning our limitations and frustrations There are only three steps freedom of consciousness simplicity of mind and emptiness of mind For freedom of thought for liberation of thought and for the awakening of intelligence the first thing the first awareness that is needed is No thought is mine No thought is mine While we read this book Osho takes us through this experience of letting go of identification allows us to get a glimpse what a life of awakening can be [Absolute Tao](#)

Osho,2012-03-13 Moving beyond the usual interpretations of this classic Chinese text that of using it as an indicator of what to do next or attempting to predict the future Osho is using the Tao Te Ching as Lao Tzu intended to ignite the flame of individual awareness and insight His commentaries on these seven verses burn through every idea we may hold about ourselves until we can see with the same crystal clear light as Lao Tzu **Tarot in the Spirit of Zen** Osho,2003-06-05 One of the twentieth century's greatest spiritual teachers presents a unique and valuable resource for all students and practitioners of the Tarot A must have for owners of the phenomenally popular Osho Zen Tarot this in depth study of the meanings of the cards in the Osho Zen Tarot deck will also appeal to those who use the Rider Crowley and other more traditional cards The here and now approach of Zen offers the insight that the future evolves out of present events ideas and attitudes Playful and accessible even to the novice this remarkable handbook includes a table of correspondences for the Rider Waite and Crowley cards and special sections on the meanings of the four major elements or suits in the Tarot system Tarot in the Spirit of Zen introduces readers to a deeper understanding of the Zen approach to becoming aware of and responding to life's challenges Just like the Osho Zen Tarot deck this book offers a fresh and contemporary approach to anyone who is interested in self exploration and personal transformation Osho challenges readers to examine and break free of the conditioned belief systems and prejudices that limit their capacity to enjoy life in all its richness He has been described by the Sunday Times of London as one of the 1000 Makers of the 20th Century and by Sunday Mid Day India as one of the

ten people along with Gandhi Nehru and Buddha who have changed the destiny of India Since his death in 1990 the influence of his teachings continues to expand reaching seekers of all ages in virtually every country of the world [A Course in Meditation](#) Osho,2019-09-03 A 21 day course for modern meditators It can be difficult for the hyperactive 21st century mind to relax into an experience of silence and awareness Recognizing this the revered mystic Osho developed new meditation techniques to address the challenges of the modern mind A Course in Meditation demonstrates these techniques in an easy to navigate format Each day learn a new aspect of meditative living followed by a simple practical meditation and awareness practice After each experience reflect on the accompanying quote of the day or use the provided space to take notes Throughout the course Osho imparts his unique insights on love anger relaxation and more to guide you toward a space of inner acceptance joy and mindfulness A Course in Meditation shows how we can reclaim the meditative nature that we each come in to the world with but lose over time as we are initiated into the ways of society From beginners eager to find stillness to more experienced meditators who wish to elevate their practice Osho s guide to meditation can teach everyone to separate themselves from their minds for a transformation of consciousness that brings a new understanding of what it means to be alert and responsive to whatever life brings Without meditation you do not know the secrets of life you know only the surface of life OSHO Osho known for his revolutionary contribution to the science of inner transformation continues to inspire millions of people worldwide in their search to define a new approach to individual spirituality that is self directed and responsive to the everyday challenges of contemporary life Osho was described by UK s Sunday Times as one of the 1000 Makers of the 20th Century His internationally bestselling works are available in 60 languages around the world [The Perfect Way](#) Osho,2017-12-12 The book you hold in your hand or you are just ordering from an online store is a unique book It is the first book by the contemporary mystic Osho At the beginning of his public life Osho who is at that time a professor of philosophy at Jabalpur University introduces people to a new and unique understanding of meditation during experiential meditation camps He speaks to the participants and responds to questions This book is the first published records of Osho s first meditation camp in Rajasthan India In fifteen small chapters he gives a condensed presentation of his understanding of meditation which he then elaborates in many more talks and publications but the essential message is already available in this book Osho speaks to the individual not to a collective not the abstract collective of humanity or a collective defined by religion or nationality or race but to individuals as the core element of existence We used one of his opening comments as a longer quote on the front cover of the book as it seem so important The individual is the unit of the whole and it is through him that both evolution and revolution can take place You are that unit Osho mentions this book on several occasions in his later talks When the second prime minister of India traveled to Russia a copy of The Perfect Way was with him And when someone in contact with Osho at the age of ninety stumbled upon The Perfect Way he commented All my learning of the scriptures was futile only this small book is enough In The Perfect Way the reader meets a human being who knows but who

also knows how to convey what he knows His genius in full flight he points us as far as one can with words toward the inner world of the self toward the zone of silence What starts on a hot summer day in the early 1960 s will prove to be the first seed of a revolutionary experiment in the flowering of human consciousness one which will eventually transform the lives of millions of people all over the world To be without thoughts is meditation Osho says When there are no thoughts it is then we come to know the one hidden by our thoughts When there are no clouds the blue sky is revealed This book is page after page of blue sky

**Osho Zen Tarot** Osho,1995-04-15 Osho Zen Tarot from the 1 bestselling mystic and spiritual author Osho When life seems to be full of doubt and uncertainty we tend to look for a source of inspiration what will happen in the future What about my health the children What will happen if I make this decision and not that one This is how the traditional tarot is often used to satisfy a longing to know about the past and future The Osho Zen Tarot focuses instead on gaining an understanding of the here and now It is a system based on the wisdom of Zen a wisdom that says events in the outer world simply reflect in the outer world simply reflect our own thoughts and feelings even though we ourselves might be unclear about what those thoughts and feelings are So it helps us to turn our attention away from outside events so we can find a new clarity of understanding in our innermost hearts The conditions and states of mind portrayed by the contemporary images on the cards are all shown as being essentially transitional and transformative The text in the accompanying book helps to interpret and understand the images in the simple straightforward and down to earth language of Zen

**Meetings with Remarkable People** Osho,2017-06-06 Even now nearly two decades after his death Osho s books continue to sell in the hundreds of thousands and his website receives over a million hits every month His host of admirers simply increases with every succeeding generation Here Osho brings to life many of mankind s most influential religious and spiritual leaders from a variety of cultures including Krishna the Buddha and Jesus poets such as Lao Tzu and Rumi philosophers from Pythagoras and Socrates to Heraclitus and Nietzsche and great thinkers of more recent times including Gurdjieff Krishnamurti and Kahlil Gibran Osho uses their lives and knowledge to guide the reader in a profound journey of spiritual discovery and wisdom

*The Path of Yoga* Osho,2013-04-09 Yoga is now internationally an integral part of our health conscious cultural landscape It is practiced by millions for health and fitness reasons While Yoga is seen and practiced mostly as a body exercise program the interest in the philosophical and spiritual dimension of Yoga is growing This book introduces us to Patanjali the founder of ancient Yoga in India It takes us step by step into a deeper understanding of the essence and origins of Yoga Osho introduces and unlocks Patanjali s ancient sutras revealing how contemporary this ancient message truly is It quickly becomes clear that we are just on the cusp of a gaining a much deeper understanding of Yoga and its place in our evolving world Surprisingly the mind even more than the body is the focus of Patanjali s teaching He says Yoga is the cessation of mind As Osho says This is the definition of Yoga the best definition Yoga has been defined in many ways there are many definitions Some say Yoga is the meeting of the mind with the divine hence it is called yoga yoga means meeting joining

together Some say that Yoga means dropping the ego ego is the barrier the moment you drop the ego you are joined to the divine You were already joined it only appeared that you were not joined because of the ego There are many definitions but Patanjali s is the most scientific He says Yoga is the cessation of mind What is the mind What is the mind doing there What is it Ordinarily we think that mind is something substantial there inside the head Patanjali doesn t agree and no one who has ever known the inside of the mind will agree Modern science also doesn t agree Mind is not something substantial inside the head Mind is just a function just an activity The ABC of Enlightenment Osho,2011-03-14 The inner world needs its own vocabulary and Osho is a master of creating a language to describe experiences of the inner world that is simple unpretentious and clear The ABC of Enlightenment is not just a dictionary but a book on life itself It contains concise quotes by Osho on a large variety of topics For those who are unfamiliar with him this is an easy introduction to his way of life and also an entertaining reference book From Absolute to Zen Osho is never at lack of profoundness and both traditional and contemporary issues are redefined and reinterpreted for a contemporary understanding **Everyday Osho** Osho,2022-01-04 The Everyday Osho provides brief daily meditations to build a life changing year of practice Everyday Osho features 365 short meditations that offer insights into living fully in the here and now Each brief text is thoughtful and inspiring and the perfect length for starting a daily meditation practice With topics that range from gratitude to nature to philosophy to love Everyday Osho contains a full year of meditation and inspiration For decades the insights of Osho have delighted and challenged spiritual seekers Everyday Osho offers readers daily encouragement to live fully integrating body mind and spirit **A Cup of Tea** Osho,1980-01-01 **Ancient Music in the Pines** Osho,2011-03-15 Today humanity is caught up in the mad complexity of the mind and as never before there is an urgent need to rediscover simplicity and innocence Osho brings to life the inherent and timeless wisdom of traditional Zen stories He shows us that Zen is a way of dissolving philosophical problems not of solving them It is a way of getting rid of philosophy because philosophy is a sort of neurosis Zen is for those intelligent enough to understand the limitations of the intellect and ready to recognize the significance of intuition in the world of mysticism
