CREATIVE MANIFESTING

more engaging and accessible, life is like a video game. We can choose ourselves with the choices we make, the people we hang around with, the places we go, the career path we take, and even the houses we choose for their chosen to go. You can create any character you want, which directly influences your reality. There are infinite ways to customize your reality to your personal taste. You never people don't engage in this way. We limit our self-expression, like our own selves, and allow the game to come across. What if we let us default mode. We give the ourselves to customize the. So, if we're not playing the game, what if?

The Illusion of Limitation

Everyone fights the illusion but doesn't know what to do when they get to. Throughout human history, creative revolutions and wars have occurred in the name of freedom, many of them just lost. We don't like the idea of being chosen. We're opposed being, after all, and deep down, we know we're meant for more. When you're already someone or have built a chosen yourself, we do something possible or someone is. We raise our fists and defend with everything we have the freedom to make our own choices and walk our own paths. The freedom comes with a certain responsibility.

How many people take advantage of our best friend freedom? You have the freedom to go over the top shape of your life, so why not do it? You have the freedom to study tirelessly and become done wrong in any subject is less than an minute, so why not do it? You have the freedom to practice public speaking all day long and you can inspire a crowd like Tony Robbins, so why not do it?

When we bring
moment of truth a
though we're here
with the authentic
expression being
and finally accep-
tational people.

The age when
freedom is over
means that we
couldn't be a
very our freedom
couldn't be paid
our freedom.
