specialists school administrators and researchers in the field of education     Technology Implementation and Teacher Education: Reflective Models Yamamoto, Junko, Kush, Joseph C., Lombard, Ron, Hertzog, C. Jay, 2010-05-31 Today's students are faced with the challenge of utilizing technology to support not only their personal lives but also their academic careers. Technology Implementation and Teacher Education: Reflective Models provides teachers with the resources needed to address this challenge and develop new methodologies for addressing technology in practice. With chapters focusing on online and blended learning, subject-specific teacher education, and social and affective issues, this reference provides a comprehensive international perspective on the role of technology in shaping educational practices.     *The Cambridge Companion to the Drum Kit* Matt Brennan, Joseph Michael Pignato, Daniel Akira Stadnicki, 2021-06-17 An approachable introduction to the drum kit, drummers, and drumming, and the key debates surrounding the instrument and its players.

*Handbook of Research on Educational Communications and Technology* David Jonassen, Michael J. Spector, Marcy Driscoll, M. David Merrill, Jeroen van Merriënboer, Marcy P. Driscoll, 2008-09-25 First Published in 2008. Sponsored by the Association of Educational Communication and Technology (AECT), the third edition of this groundbreaking Handbook continues the mission of its predecessors to provide up-to-date summaries and syntheses of recent research pertinent to the educational uses of information and communication technologies. In addition to updating this new edition, it has been expanded from forty-one to fifty-six chapters, organized into the following six sections: foundations, strategies, technologies, models, design and development, and methodological issues. In response to feedback from users of the second edition, the following changes have been built into this edition: More Comprehensive topical coverage has been expanded from forty-one to fifty-six chapters and includes many more chapters on technology than in previous editions. Restructured Chapters: this edition features shorter chapters with introductory abstracts, keyword definitions, and extended bibliographies. More International: more than 20% of the contributing authors and one of the volume editors are non-American. Theoretical Focus: Part 1 provides expanded cross-disciplinary theoretical coverage. Methodological Focus: an extended methodological chapter begins with a comprehensive overview of research methods, followed by lengthy, separately authored sections devoted to specific methods. Research and Development Focus: another extended chapter with lengthy, separately authored sections covers educational technology research and development in different areas of investigation, e.g., experimental methods to determine the effectiveness of instructional designs, technology-based instructional interventions, research on instructional design models.     **Virtual Synchronous Language Teaching and Learning** Slav Gratchev, Larry Sheret, 2026-03-05 Brings together the experiences of twelve language teaching professionals who experimented with and developed their own successful methods of teaching foreign languages during the COVID-19 pandemic.     Encyclopedia of Information Science and Technology Mehdi Khosrow-Pour, Mehdi Khosrowpour, 2009 This set of books represents a detailed compendium of authoritative research-based entries that define the contemporary state of knowledge on technology.
