Bodies In The Backyard:

Bodies in the Backyard Brian O'Neill, 1993 *Two Bodies in the Backyard* Steve Demaree, 2016-08-21 When someone deposits two bodies in a retired detective's backyard in the middle of the night he has to go to work again to find out who is responsible and why his backyard was chosen. A lot of hilarious events happen in this whodunit before the detective can return to being retired again.

Bodies in the Back Garden - True Stories of Brutal Murders Close to Home Nigel Cawthorne, 2014-08-07 For the killer there is always the problem of getting rid of the body. Muswell Hill murderer Dennis Nilsen famously cooked the corpses of his victims in Cranley Gardens and flushed them down the lavatory only to be caught when the sewers blocked up. But his first twelve victims were disposed of in the back garden of his previous home in Melrose Avenue. Fred and Rosemary West buried the bodies of three of their victims in the back garden of the House of Horrors at 25 Cromwell Street. Milwaukee cannibal Jeffrey Dahmer began his murderous career scattering human remains in the backyard of his parents' home in Bath, Ohio. Convicted killer Peter Tobin went back on trial after two more bodies were found in the back garden of his former home in Margate. And grisly granny Dorothea Puente murdered lodgers at her boarding house in Sacramento, California, dispatching them to the backyard while continuing to cash their Social Security cheques. This book explores these and many other cases that suggest that whatever the motive for murder, the back garden is a convenient place to dump the corpse. The Mexican drug cartels use it. So do drug dealers in London and sex killers in France. Benjamin Laing, who killed a father and daughter to steal a 7,000 car, went one step further, burying the bodies of his victims in the back garden of his girlfriend's house in Abbey Wood. She called the police. His crime she decided had come just a little bit too close to home.

Images of the Body in India Axel Michaels, Christoph Wulf, 2012-03-12 This intriguing book engages with the concept of the body in its cultural context by acknowledging and demonstrating that the human body is understood differently in Western and Indian cultures. The contributors go on to show that any attempt to put forward a single concept of the body within Indian culture would be misleading. Divided into three parts, the book examines the considerable and often conflicting variations in body images and body concepts. In Part One, the contributors focus on the representation of the body in religious and philosophical texts, representations that emerged from reading, translating and interpreting classical writings from diverse historical and anthropological approaches. Through predominantly ethnographic studies, Part Two explores the role of the body in narratives and ritual performance, from dance to ritualistic ceremonies. Visualisation processes of the body are examined in Part Three, focusing on developments in modern and contemporary periods, from visual practices at the Mughal court to the multiple bodies of the bride and the influence of new media. This volume is a fascinating collection of articles for those in the fields of sociology and anthropology, history, religion, cultural studies and South Asian studies.

The World of Physical Culture in Sport and Exercise Cassandra Phoenix, Brett Smith, 2013-09-13 Within qualitative research in the social sciences, the last decade has witnessed a growing interest in the use of visual methods. Visual Methods in

Physical Culture is the first book in the field of sport and exercise sciences dedicated to harnessing the potential of using visual methods within qualitative research. This volume combines clarity of expression with careful scholarship and originality, making it especially appealing to students and scholars within a variety of fields, including sport sociology, sport and exercise psychology, sociology of the body, physical education, gender studies, gerontology, and qualitative inquiry. The Orphans Fiona McIntosh, 2022-10-05. Orphan Fleur Appleby is adopted by a loving undertaker and his wife, and she quickly develops a special gift for helping bereaved families. Her ambition to be the first female mortician in the country is fuelled by her plan to bring more women into the male-dominated funeral industry. Raised in the outback of South Australia's Flinders Ranges, Tom Catchlove is faced with a life-changing tragedy as a young boy. He works hard but dreams big, striving for a future as a wool classer. A chance encounter between the two children will change the course of their lives. By adulthood, Fleur finds herself fighting for the survival of the family's business while her widowed father drinks away generations of prosperity, and a new conniving stepmother wants Fleur gone. When Tom emerges from the isolation of the desert to find new work at the port woolstores, his path crosses with Fleur's again, only to be caught up in a murder investigation in which they can only trust each other. At once tragic and triumphant, *The Orphans* is an unforgettable story about a unique bond between two children that will echo down the years and teach them both about the real meaning of life, of loss, and of love.
