The Hospice Companion Perry G. Fine, 2016-08-12 *The Hospice Companion* is a guide to the processes of care during the intensive interpersonal experiences of hospice work. This resource highlights the mission and values of modern day hospice through the individual and combined efforts of the field's most valuable asset: the hospice professional. This easy-to-navigate clinical decision support tool for caregivers of those with life-limiting illnesses allows for personal and professional growth and a deeply gratifying sense of accomplishment as you proceed in the all-important work of caring for the dying. The third edition of *The Hospice Companion* features a thoroughly current guide to clinical processes and symptom management, providing hospice professionals with a concise summary of changes that have influenced clinical practice over the last several years. Moreover, feedback from hospice social workers has been incorporated into the section on personal and environmental processes, and guidance on integrative and non-pharmacologic interventions has been added. [Hospice Quickflips - CGS Corridor](#), 2019 *Hospice Quickflips* can be used as a reference for documentation, hospice eligibility, including LCDs, IDT basics, including the physician role, HIS criteria for respite, GIP, and continuous care. This resource can be a teaching tool for new employees and hospice managers. **What Do You See?** Michelle Crowell, 2016-09-17 Oftentimes, documentation to prove hospice eligibility can be tricky. Generalization and lack of specific details can result in non-payment or repayment of claims. My purpose in creating this pocket guide is to help nurses, physicians, and other disciplines be able to accurately and thoroughly document hospice decline. Everything you need is at the drop of the hand in a small, convenient size guide that can easily be carried with you anywhere. **The Dedicated Hospice Nurse** Stephanie Juarez Aldrich, 2025-11-07 This comprehensive Patient Visit Notebook is an essential tool for hospice nurses designed to streamline documentation and enhance patient care. Each page provides ample room for thorough documentation of patient status to help organize your workflow. Perfect for both experienced hospice nurses and those new to the field, this notebook helps ensure consistent, thorough documentation of each patient visit, making it an invaluable resource for maintaining accurate professional records. Key Features: 115 dedicated pages for patient visit entries; Quick Reference guides and assessment scales; Detailed sections for Medication Changes, DME Needs, Care Plan Updates, IDT Notes, Important Reminders; Organized layout spaces for Patient Name, Diagnosis, Visit Times, Vital Signs, FAST Assessment, NYHA Classifications, LCD Criteria, ADLs, MAC, and more. [Hospice Nurse Patient Visit Notes](#) Abatron Health, 2020-10-15 *Patient Visit Notes For Hospice Nurses*. Keeping concise and accurate notes is crucial for correct patient care and legally required in the most situations. Although Bedside Charting is the generally preferred method of note-taking for Hospice Nurses, you quickly realize that it is not always practical given the hands-on, rapidly changing nature of Hospice Care. This book is designed to simplify the process of patient note-taking and contains all essential information for appropriate care. It's also a great resource that helps to compile all your records into one convenient location, which should be kept for a number of years should any legal situations arise. It was
