What's Making Our Children Sick? Michelle Perro,Vincanne Adams,2017-11-22

Exploring the links between GM foods glyphosate and gut health With chronic disorders among American children reaching epidemic levels hundreds of thousands of parents are desperately seeking solutions to their children s declining health often with little medical guidance from the experts What s Making Our Children Sick convincingly explains how agrochemical industrial production and genetic modification of foods is a culprit in this epidemic Is it the only culprit No Most chronic health disorders have multiple causes and require careful disentanglement and complex treatments But what if toxicants in our foods are a major culprit one that if corrected could lead to tangible results and increased health Using patient accounts of their clinical experiences and new medical insights about pathogenesis of chronic pediatric disorders taking us into gut dysfunction and the microbiome as well as the politics of food science this book connects the dots to explain our kids ailing health What s Making Our Children Sick explores the frightening links between our efforts to create higher yield cost efficient foods and an explosion of childhood morbidity but it also offers hope and a path to effecting change The predicament we now face is simple Agroindustrial innovation in a previous era hoped to prevent the ecosystem disaster of DDT predicted in Rachel Carson s seminal book in 1962 Silent Spring However this industrial agriculture movement has created a worse disaster a toxic environment and consequently a toxic food supply Pesticide use is at an all time high despite the fact that biotechnologies aimed to reduce the need for them in the first place Today these chemicals find their way into our livestock and food crop industries and ultimately onto our plates Many of these pesticides are the modern day equivalent of DDT However scant research exists on the chemical soup of poisons that our children consume on a daily basis As our food supply environment reels under the pressures of industrialization via agrochemicals our kids have become the walking evidence of this failed experiment What s Making Our Children Sick exposes our current predicament and offers insight on the medical

responses that are available both to heal our kids and to reverse the compromised health of our food supply Perro and Adams book is an alarming eye opening read that documents more clearly than ever the devastating consequences that pervasive pesticide use in food production is having on our health and the urgent need to protect our children from a system that prefers we treat illness and disease with pills rather than prevention Carey Gillam journalist author of Whitewash [The 360 Mama Guide to C-Section Recovery](#) The 360 Mama, Emma Bradley, Hannah West, 2025-07-01 From the award winning postpartum professionals The 360 Mama The 360 Mama c section recovery courses have been changing lives for new mothers Incredible course User review The 360 Mama website Essential postpartum care User review The 360 Mama website Best investment for postpartum User review The 360 Mama website Have you recently had a c section Are you struggling with recovery but want to come back stronger Looking for advice on your scar your pelvic floor health or a return to exercise The 360 Mama Guide to C Section Recovery gives everything you need to fully heal from your c section answering all your questions and offering practical expert led advice at a time when you may feel lost or unsupported Written by the hugely successful 360 Mama postnatal recovery team this expert led book leaves nothing out From how to prepare for a c section to strategies you can put in place from the earliest moments to support the healing process to guidance on wound care and scar massage there is practical guidance for every new mama You will find exercises to strengthen and rehabilitate your core improve any overhang and help you return to full physical activity Featuring real life birth stories and experiences as well as advice on coping with birth trauma and managing your mental health post birth this empowering guide will help you to reclaim the narrative and to fully enjoy motherhood **Veggie Mama** Doreen Virtue, Jenny Ross, 2016 Veggie Mama is a manual for elevating your family s diet to incorporate more whole plant based foods The book features over 100 vegan recipes including many raw options using whole grains legumes nuts seeds fruits and vegetables along with superfoods for growing kids of all ages Veggie Mamas Doreen Virtue and Chef Jenny Ross discuss food allergies and present a program free of inflammatory agents that can that can create anxiety in sensitive kids as well as worsen allergy symptoms With menu planning guides brown bag school lunches and snack and dessert favorites you ll have everything you need to feed your entire family wholesome and delicious meals Using these tasty 100 percent plant ingredient recipes such as the Avocado Citrus Parfait Pumpkin Seed Cheese Wraps Veggi wiches and Nut Butter Bites you will be pleasing your children s palates and doing their bodies good setting them up for a lifetime of wellness **The Role of Women in Cultivating Sustainable Societies Through Millets** Kumar, Raghvendra, Priyadarshini, Ishaani, 2023-12-15 Millets are ancient grains that have been cultivated by humans for centuries and they have recently emerged as a crucial staple food in numerous cultures owing to their abundant essential nutrients and their resilience to changing climates requiring fewer resources for growth In the face of the current climate crisis the spotlight on millets as a cornerstone of sustainable societies has intensified The Role of Women in Cultivating Sustainable Societies Through Millets delves into the significance of millets in sustainable agriculture

and the indispensable role that women play in their cultivation and promotion This book seeks to advocate for the cultivation and consumption of millets as a pathway to constructing sustainable societies However it goes beyond mere cultivation as it critically recognizes and highlights the pivotal role of women in this transformative process Drawing from millennia of historical perspectives the book examines how women have been key agents of change in millet cultivation shaping its cultivation techniques preservation and the propagation of traditional knowledge across generations To further solidify the book s foundation it includes compelling case studies illustrating successful real world applications of millet cultivation and its socio economic impact making this book a timely and essential resource for students researchers academicians and industry professionals alike
