[Loose-Leaf for Analysis for Financial Management](#) Robert C. Higgins, Jennifer Koski, 2022-01-24. Like its predecessors, the thirteenth edition of Analysis for Financial Management is for nonfinancial executives and business students interested in the practice of financial management. It introduces standard techniques and recent advances in a practical, intuitive way. This product assumes no prior background beyond a rudimentary and perhaps rusty familiarity with financial statements, although a healthy curiosity about what makes business tick is also useful. The emphasis throughout is on the managerial implications of financial analysis. Analysis for Financial Management should prove valuable to individuals interested in sharpening their managerial skills and to executive program participants. This product has also found a home in university classrooms as the sole text in Executive MBA and applied finance courses, as a companion text in case-oriented courses, and as a supplementary reading in more theoretical courses.
