from the global governance structure of international aid but actively engage with these ideas and practices to translate and rework them through a local cultural lens This process results in the emergence of unique hybrid management systems that combine the pressure to become more business like with the mission to satisfy the demands of the communities they serve

Managing Change, Creativity and Innovation Patrick Dawson, Constantine Andriopoulos, 2014-01-07 This bestselling text continues to provide a fresh approach to organisational change by linking it to the key drivers of creativity and innovation but now contains improved coverage of approaches to change It explores change as a human and social process looking at the vital role leadership entrepreneurship and creativity play in change management rather than viewing it as a series of systems and mechanisms In doing so it provides all the theoretical and practical understanding you will need as both a student of change and a future manager The second edition comes with access to a range of learning and revision aids online and is packed with cases and examples from around the globe Visit the companion website today at www.uk.sagepub.com/dawson Lecturers/instructors request a free digital inspection copy here
