Now that AI has a will it s up to us to find a way For decades we built software that did what it was told and nothing else
Agentic AI breaks this bargain systems that remember reason and pursue goals They arrive less like code and more like
colleagues tireless fast and like any new hire occasionally in need of supervision In Cognitive Kin Christophe Kolb and Jan
Rosen map the threshold where artificial intelligence stops being a feature and becomes a workforce Drawing on firsthand
experience at the frontier of agentic AI they show how digital labor becomes viable why org charts give way to networks of
intent and how leadership shifts to orchestration They translate the machinery memory feedback loops tool use into plain
language then follow the shockwave into strategy culture and governance This isn t tomorrow s speculation It s a present
tense transition that is reshaping the meaning of work and creating new sources of value The advantage will belong to firms
