Dummies 101 Peter Weverka, 1997 Learn the new version of Word step by step with this easy to understand tutorial Readers will quickly become familiar with the new version of the most popular word processor The CD contains document files and fun and practical templates

The Political Economy of Privatization in Rich Democracies Herbert Obinger, Carina Schmitt, Stefan Traub, 2016-01-28 Almost all advanced democracies have launched significant privatization programs over the last three decades However while there was a global run into privatization substantial cross national differences in the divestiture of state owned enterprises can be observed This book focuses on the political economy of privatization and addresses the questions What are the driving forces behind this development and how can the variation be explained which are of both theoretical and empirical interest While the topic itself is not new the existing comparative literature on the political economy of privatization suffers from at least two major shortcomings First recent macro quantitative analysis in political science and economics has only focused on material privatization formal privatization has hitherto been neglected due to an absence of data even though this type of privatization is of eminent relevance in the public utility sectors Second most of the empirical studies in this area treat countries as independent units In reality however policy decisions are likely to be interdependent Policy decisions taken in one country influence the decision making process in others Given these shortcomings in the existing literature the idea of this volume is to supply a fresh and comprehensive overview of the political economy of privatization using a new data set the REST database The empirical analysis covers 20 OECD countries in the period between 1980 and the advent of the global economic crisis in 2008 The recent economic crisis provides a good opportunity to take stock of the changing role of government in economic over the last three decades

Dummies 101 Andy Rathbone, Rich Grace, 1997 Readers are invited to find out about the industrial strength version of Windows Windows NT This book takes the step by step approach and tells users exactly what they need to know to master this operating system The companion CD provides all the tools necessary to complete each unit with
