

DOCUMENT CONTROL SOP FOR MACHINES

SOP. NO	WRITTEN BY	DATE:
10	Carrie Anne Richardson	August 21, 2029

PURPOSE:	The purpose of this SOP is to establish a consistent and controlled method for documenting changes made to machines.
SCOPE:	This SOP applies to all machines in the facility.
RESPONSIBILITY:	The person responsible for this SOP is the Quality Manager.
PROCEDURE:	<ol style="list-style-type: none"> 1. When a change is made to a machine, the machine's documentation (schematic, drawing, PLC program, etc.) must be updated to reflect any revisions and changes. 2. The person responsible for making the change must update the documentation and submit the summary to the Quality Manager for review and approval. 3. The Quality Manager will review the documentation and, if necessary, make changes. Once the documentation has been approved, it will be filed in the machine's file. 4. Any changes made to the machine without prior approval from the Quality Manager may result in disciplinary action.

Standard Operating Procedures and Regulatory Guidelines GP Saluja,GP Singal,2023-08-25 **IRS Tax Payment Posting Problems in Philadelphia Service Center** United States. Congress. House. Committee on Ways and Means. Subcommittee on Oversight,1985 **Consolidated Appropriations Act, 2008** United States. Congress. House. Committee on Appropriations,2008 **Complete Guide to Documentation** Lippincott Williams & Wilkins,2008 Thoroughly updated for its Second Edition this comprehensive reference provides clear practical guidelines on documenting patient care in all nursing practice settings the leading clinical specialties and current documentation systems This edition features greatly expanded coverage of computerized charting and electronic medical records EMRs complete guidelines for documenting JCAHO safety goals and new information on charting pain management Hundreds of filled in sample forms show specific content and wording Icons highlight tips and timesavers critical case law and legal safeguards and advice for special situations Appendices include NANDA taxonomy JCAHO documentation standards and documenting outcomes and interventions for key nursing diagnoses **Modern Data Protection** W. Curtis Preston,2021-04-29 Give your organization the data protection it deserves without the uncertainty and cost overruns experienced by your predecessors or other companies System and network administrators have their work cut out for them to protect physical and virtual machines in the data center and the cloud mobile devices including laptops and tablets SaaS services like Microsoft 365 Google Workspace and Salesforce and persistent data created by Kubernetes and container workloads To help you navigate the breadth and depth of this challenge this book presents several solutions so you can determine which is right for your company You ll learn the unique requirements that each workload presents then explore various categories of commercial backup hardware software and services available to protect these data sources including the advantages and disadvantages of each approach Learn the workload types that your organization should be backing up Explore the hardware software and services you can use to back up your systems Understand what s wrong with your current data protection system Pair your backed up workloads to the appropriate backup system Learn the adjustments that will make your backups better without wasting money Manual of Classification Chicago (Ill.). Comptroller's Office. Statistical division,1918 ... *Manual of Classification; Revenue and Expenditure Accounts, Department Numbers and Commodity Code. Office of City Comptroller. Division of Statistics* Chicago (Ill.). Comptroller's Office. Division of Statistics,1918 **Law and the Arms Trade** Laurence Lustgarten,2020-09-03 This ground breaking book offers an extensive legal analysis grounded in public EU and international law of arms trade regulation integrated with insights drawn from international relations The sale of weapons and related technologies is globally one of the most politically controversial and ethically contentious forms of commerce Intimately connected with sustaining repressive governments and violations of international human rights and humanitarian law arms exports are also a central element in the economic and strategic policies of the governments of all large industrial states

They have also been the source of abundant corruption and of serious challenges to the norms and effectiveness of constitutional accountability in democratic states. On paper, the arms trade is heavily regulated; national legislation and international treaties are in place which purport to prohibit certain transactions and limit others. Yet despite its importance, legal and international relations scholarship on the subject has been surprisingly limited. This book fills this gap in the literature by examining and comparing the export control regimes of eight leading nations: USA, Russia, the UK, France, Germany, Sweden, China, and India, with chapters contributed by leading experts in the field of law and international relations.

Dunlay, Grafton Technologies, Inc, 2016 TRB's Airport Cooperative Research Program ACRP Report 150 NextGen for Airports Volume I Understanding the Airport's Role in Performance Based Navigation Resource Guide the first report in this series provides comprehensive information to practitioners concerning all aspects of Performance Based Navigation PBN and how implementation affects overall airport operations. This Resource Guide encompasses background information, description of effects on short and long term airport development, impacts on safety and performance measures, and other critical factors affecting future airport operations. In addition to providing guidance to users on available resources for additional assistance, this volume also includes lessons learned and best practices based on findings from case studies that examined the airport operator's role in PBN implementation. The Next Generation Air Transportation System NextGen refers to the federal programs predominately airspace, air traffic, or avionics related that are designed to modernize the National Airspace System. NAS ACRP's NextGen initiative aims to inform airport operators about some of these programs and how the enabling practices, data, and technologies resulting from them will affect airports and change how they operate.
