Nova Gramatica Do Portugues Brasileiro:

Nova gramática do português brasileiro Ataliba Teixeira de Castilho, 2010 La nouvelle grammaire du portugais br silien d Ataliba Castilho n est pas une autre grammaire pour plusieurs bonnes raisons au lieu d tre une grammaire de la langue portugaise elle se veut la grammaire du portugais parl par pr s de 200 millions d individus au Br sil **Manual of Brazilian Portuguese Linguistics** Johannes Kabatek, Albert Wall, 2022-10-24 This manual is the first comprehensive account of Brazilian Portuguese linguistics written in English offering not only linguists but also historians and social scientists new insights gained from the intensive research carried out over the last decades on the linguistic reality of this vast territory In the 20 overview chapters internationally renowned experts give detailed yet concise information on a wide range of language internal as well as external synchronic and diachronic topics Most of this information is the fruit of large scale language documentation and description projects such as the project on the linguistic norm of educated speakers NURC the project Grammar of spoken Portuguese and the project Towards a History of Brazilian Portuguese PHPB among others Further chapters of high contemporary interest and relevance include the study of linguistic policies and psycholinguistics The manual offers theoretical insights of general interest not least since many chapters present the linguistic data in the light of a combination of formal functional generative and sociolinguistic approaches This rather unique feature of the volume is achieved by the double authorship of some of the relevant chapters thus bringing together and synthesizing different perspectives **Manual of Standardization in the Romance Languages** Franz Lebsanft, Felix Tacke, 2020-01-20 Language standardization is an ongoing process based on the notions of linguistic correctness and models This manual contains thirty six chapters that deal with the theories of linguistic norms and give a comprehensive up to date description and analysis of the standardization processes in the Romance languages The first section presents the essential approaches to the concept of linguistic norm ranging from antiquity to the present and includes individual chapters on the notion of linguistic norms and correctness in classical grammar and rhetoric in the Prague School in the linguistic theory of Eugenio Coseriu in sociolinguistics as well as in pragmatics cognitive and discourse linguistics The second section focuses on the application of these notions with respect to the Romance languages It examines in detail the normative grammar and the normative dictionary as the reference tools for language codification and modernization of those languages that have a long and well established written tradition i e Romanian Italian French Catalan Spanish and Portuguese Furthermore the volume offers a discussion of the key issues regarding the standardization of the minor Romance languages as well as Creoles **Working with Portuguese Corpora** Tony Berber Sardinha, Telma de Lurdes São Bento Ferreira, 2014-04-10 Although Portuguese is one of the main world languages and researchers have been working on Portuguese electronic text collections for decades e g Kelly 1970 Biderman 1978 Bacelar do Nascimento et al 1984 see Berber Sardinha 2005 this is the first volume in English that encapsulates the exciting and cutting edge corpus linguistic work being done with Portuguese

language corpora on different continents The book includes chapters by leading corpus linguists dealing with Portuguese corpora across the world and their contributions explore various methods and how they are applicable to a wide range of language issues The book is divided into six sections each covering a key issue in Corpus Linguistics lexis and grammar lexicography language teaching and terminology translation corpus building and sharing and parsing and annotation Together these sections present the reader with a broad picture of the field

Las lenguas de las Américas - the Languages of the Americas Paul Danler, Jannis Harjus, 2022-05-10 *Las lenguas de las Américas* the Languages of the Americas takes the reader on a journey through twenty chapters addressing the languages of the Americas all the way from Canada and the USA to Argentina and Brazil The authors are international experts who have written mainly in Spanish and English but in a few cases also in French Portuguese and German The book deals with the languages of the descendants of the first Americans it gives an insight into the American varieties of English French Portuguese and Spanish it explores the outcome of the long lasting coexistence of various autochthonous and European languages it also looks into some very specific hybrid forms of locally or regionally unique varieties in the Americas focusing on creolization code switching and translanguaging resulting from language contact The languages and linguistic varieties dealt with in this book are numerous and so are the approaches and methods applied most are mainly synchronic but some are also diachronic All in all the book has managed to draw a succinct and representative portrait of the multifaceted linguistic landscapes of the Americas

NOVA GRAMÁTICA DO PORTUGUES CONTEMPORANEO - 8ª EDIÇÃO. CELSO CUNHA, 2025

The Social Dynamics of Pronominal Systems Paul Bouissac, 2019-07-15 Personal pronouns have a special status in languages As indexical tools they are the means by which languages and persons intimately interface with each other within a particular social structure Pronouns involve more than mere grammatical functions in live communication acts They variously signal the gender of speakers as parts of utterances or in their anaphoric roles They also prominently indicate with a range of degrees the kind of social relationships that hold between speakers from intimacy to indifference from dominance to submission and from solidarity to hostility Languages greatly vary in the number of pronouns and other address terms they offer to their users with a distinct range of social values Children learn their relative position in their family and in their society through the correct use of pronouns When languages come into contact because of population migrations or through the process of translation pronouns are the most sensitive zone of tension both psychologically and politically This volume endeavours to probe the comparative pragmatics of pronominal systems as social processes in a representative set from different language families and cultural areas
