The plates drawn from life and completed in 1814 cover all the branches of service including line infantry, light infantry and rifles, heavy and light cavalry, general officers, foreign troops, artillery and engineers and cadets and veterans. Each plate is accompanied by an incisive text by the leading expert on Wellington's troops, Philip Haythornthwaite, which discusses the unit in question, the uniform and its significant features. Wellington's Army also includes an extensive introduction analyzing the evolution of the British Army of the period and examining the colorful life of Charles Hamilton Smith.
