**Communication for the Classroom Teacher** Cheri Simonds, Pamela J. Cooper, 2011 This text provides prospective and current teachers with the skills and knowledge to understand and improve their own and their students communication behavior By combining theory and practical advice this text focuses on the rationale for using certain communication strategies and guidance on how to implement them Communication for the Classroom Teacher covers a wide range of classroom communication issues including interpersonal and small group communication listening skills verbal and nonverbal communication from both the teacher s and student s perspective instructional strategies such as lecturing discussions and storytelling teacher influence ethical considerations and racism sexism in the classroom NEW Pearson s Reading Hour Program for Instructors Interested in reviewing new and updated texts in Communication Click on the below link to choose an electronic chapter to preview Settle back read and receive a Penguin paperback for your time <http://www.pearsonhighered.com/readinghour.com>

Communication for the Classroom Teacher Pamela J. Cooper, 1995 Communication for the Classroom Teacher provides prospective and current teachers with the skills and knowledge to develop understand and improve their own communication behavior as well as their students By combining theory and practical advice this book focuses on the reasons for using certain communication strategies and how to implement them Communication for the Classroom Teacher covers a wide range of classroom communication issues including interpersonal and small group communication listening skills verbal and nonverbal communication instructional strategies such as lecturing discussions and storytelling teacher influence ethical considerations and racism sexism in the classroom For anyone interested in learning about classroom communication Copyright Libri GmbH All rights reserved

**The Routledge Handbook of Public Speaking Research and Theory** Stevie M. Munz, Tim McKenna-Buchanan, Anna M. Wright, 2024-04-18 Providing a comprehensive survey of the empirical research theory and history of public speaking this handbook fills a crucial gap in public speaking pedagogy resources and provides a foundation for future research and

pedagogical development Bringing together contributions from both up and coming and senior scholars in the field this book offers a thorough examination of public speaking guided by research across six key themes the history of public speaking the foundations of public speaking issues of diversity equity and inclusion considerations of public speaking across contexts assessment of public speaking and the future of public speaking in the twenty first century The evidence based chapters engage with a broad discussion of public speaking through a variety of viewpoints to demonstrate how subtopics are connected and fraught with complexity Contributors explore public speaking in education business and professional settings and political contexts and outline how skills learned through public speaking are applicable to interpersonal small group and business interactions Reinforcing the relevance importance and significance of public speaking in individual interpersonal social and cultural communication contexts this accessibly written handbook will be an indispensable resource for public speaking instructors and program administrators It will also be valuable reading for Communication Pedagogy and Introduction to Graduate Studies courses

*An Educational Psychology* Textbook Equity,2014-10-10 The first half of the book focuses on broader questions and principles taken from psychology per se and the second half focuses on somewhat more practical issues of teaching All parts of the book draw on research theory and practical wisdom wherever appropriate Chapter 2 is about learning theory and Chapter 3 is about development Chapter 4 is about several forms of student diversity and Chapter 5 is about students with disabilities Chapter 6 is about motivation Following these somewhat more basic psychological chapters we turn to several lasting challenges of classroom life challenges that seem to be an intrinsic part of the job Chapter 7 offers ideas about classroom management Chapter 8 ideas about communicating with students Chapter 9 about ways to assist students complex forms of thinking and Chapter 10 about planning instruction systematically The book closes with two chapters about assessment of learning

**Teaching Communication** Anita L. Vangelisti,John A Daly,Gustav W. Friedrich,2013-11-05 The field of communication was founded in part because of a need to make people better communicators That meant teaching them how to communicate more effectively whether it be in public settings or in private Most of that teaching has happened within the classroom and many professionals have spent their lives instructing others on various aspects of communication Inside this second edition the editors have assembled a fully comprehensive and contemporary discussion of topics and issues concerning the teaching of communication The chapters contained herein contributed by key voices throughout the communication discipline address conceptual as well as practical issues related to communication instruction The contents of this new edition reflect the dramatic changes that have occurred in communication education since the publication of the first edition in 1990 This book focuses initially on the goals of communication education then delves into the preparation of specific communication courses It includes assistance for instructors in organizing instructional content and discusses the use of instructional strategies and tools as well as offering ideas on evaluating the processes and products of instruction The volume also covers unique teaching assignments that may

be encountered from the basic course to continuing education and addresses 2 year college teaching directing forensic programs distance education and consulting It concludes with important professional issues faced by both new and experienced communication instructors including ethics and political issues within classrooms and departments This volume is a necessity for anyone starting out a career as a communication instructor Veteran educators who know that learning to teach is a continual growth experience will find useful and invaluable information within the book s pages Whatever background and level of experience all communication educators will find this new edition to be an essential resource for their work

**Talking, Listening, and Teaching** Thomas S. C. Farrell, 2018-09-15 Talking Listening and Teaching demonstrates how important it is for teachers to understand and monitor classroom communication patterns and resolve problems that may hamper students learning Using examples from real classrooms the author explains How classroom talk is different from communication outside the classroom How to gather and analyze data about classroom talk What type of questioning generates good discussions Why and how to give feedback to students How nonverbal communication impacts the classroom This insightful guide to classroom communication featuring provocative Thinking About Your Own Classroom questions is ideal for teacher study groups and benefits educators who wish to effectively manage this important aspect of teaching and learning
