know what to be afraid of the energy of fear can be beneficial as caution 4 Anger which calibrates at 150 is a very powerful emotion It can be used to pursue something better for oneself and it can lead to progress Pride which calibrates at 175 is a much more powerful emotion than the levels below it However it has a negative direction

The Unholy Trinity Thomas Van Dyke, 2020-04-28 In this book I try to describe as clearly and simply as possible the Christian journey from a life lived in worldliness and defeat to a life lived in and through the grace of God I use the Biblical story of Israel s journey from Egypt to Canaan in an allegorical sense to show how God through the activities and resources of the Holy Trinity tries to bring us to that place of living in grace and how the devil through the unholy trinity the world the flesh and demonic resistance seeks to thwart that journey I focus on three fronts in the battle between the two trinities On the first front the devil works indirectly through the world system Egypt to deny us our freedom that we have due to the atonement Living under the illusion of pleasure we end up in extreme bondage On the second front the devil works indirectly through our flesh Amalek to hinder us from following the leadership of the Holy Spirit as He attempts to guide us into God s grace On the third front we can expect to experience a more direct conflict with the devil and his spiritual forces Canaan These demonic forces will try to oppose and negate all the benefits of God s promised grace that comes into our lives through Christ XXXXX

Health, Healing, and Religion David R. Kinsley,1996 Explicitly dealing with the religious aspects of healing and healers this unique and intriguing book examines illness healing and religion in cross cultural perspective by looking at how sickness is understood and treated in a wide variety of cultures Centered around three principle themes the text A illustrates how crucial it is to frame illness in a meaningful context in every culture and how this process is almost always bound up with religious spiritual and moral concerns B shows how many beliefs strategies and practices that characterize traditional cultures also appear in Christianity putting healing in the Christian tradition in a broad rational context and C discusses the continuities between traditional explicitly religious and modern medical cultures demonstrating that many features of modern scientific medicine are symbolic and ritualistic and that many aspects and practices of modern medicine are similar to healing as seen in traditional pre scientific medical cultures For those in the religious anthropological and medical professions
