Necronomicon:

Necronomicon Files Daniel Harms, John Wisdom Gonce, 2003-07-01 What if a book existed that gave answers to everything you've ever wondered about? What would you do to learn its secrets? Tales of such books have abounded for millennia and are legend in occult history. One of the most pervasive modern iterations is that of the Necronomicon, said to be a genuine occult text from the 8th century. The Necronomicon really is the creation of science fiction writer H.P. Lovecraft (1891-1937) in whose books the magic volume first appears in print. In *The Necronomicon Files* two occult authorities explore all aspects of the Necronomicon from its first appearance in Lovecraft's fiction to its ongoing pervasive appearance in cult and occult circles. The *Necronomicon Files* revised and expanded further reveals the hoax of the Necronomicon. Harms and Gonce show that the apocryphal history of the Necronomicon was concocted by Lovecraft to lend it verisimilitude in his fiction. The magical text was transformed into an icon among Lovecraft's literary circle who added to the book's legend by referring to it in their own writing. People became convinced that it was a real book and its references in literature and film continue to grow. The book also examines what people have undergone to find the Necronomicon and the cottage industry that has arisen over the past three decades to supply the continuing demand for a book that does not exist. Scholarly yet accessible, humorous and intriguing, *The Necronomicon Files* illuminates the depth of the creative process and the transformations of modern myth while still managing to preserve much of the romance and fascination that surrounds the Necronomicon in our culture.

Necronomicon Donald Tyson, 2004-12-08 Anyone familiar with H.P. Lovecraft's work knows of the Necronomicon, the black magic grimoire he invented as a literary prop in his classic horror stories. There have been several attempts at creating this text, yet none stand up to Lovecraft's own descriptions of the Necronomicon until now. Fans of Lovecraftian magic and occult fiction will delight in Donald Tyson's *Necronomicon*, based purely within Lovecraft's own fictional universe, the Cthulhu Mythos. This grimoire traces the wanderings of Abdul Alhazred, a necromancer of Yemen, on his search for arcane wisdom and magic. Alhazred's magical adventures lead him to the Arabian desert, the lost city of Irem, ruins of Babylon, lands of the Old Ones, and Damascus, where he encounters a variety of strange creatures and accrues necromantic secrets.

Necronomicon H.P. Lovecraft, 2008-09-18 WIKIPEDIA says H.P. Lovecraft's reputation has grown tremendously over the decades and he is now commonly regarded as one of the most important horror writers of the 20th century, exerting an influence that is widespread though often indirect. His tales of the tentacled Elder God Cthulhu and his pantheon of alien deities were initially written for the pulp magazines of the 1920s and 30s. These astonishing tales blend elements of horror, science fiction, and cosmic terror that are as powerful today as they were when they were first published. *THE NECRONOMICON* collects together the very best of Lovecraft's tales of terror, including the complete Cthulhu Mythos cycle, just the way they were originally published. It will introduce a whole new generation of readers to Lovecraft's fiction, as well as being a must-buy for those fans who want all his work in a single definitive volume. *A History of the Necronomicon*

The Necronomicon Simon,1980-03-01 In the past 31 years there has been a lot of ink actual and virtual spilled on the subject of the Necronomicon Some have derided it as a clumsy hoax others have praised it as a powerful grimoire As the decades have passed more information has come to light both on the book s origins and discovery and on the information contained within its pages The Necronomicon has been found to contain formula for spiritual transformation consistent with some of the most ancient mystical processes in the world processes that were not public knowledge when the book was first published processes that involve communion with the stars In spite of all the controversy the first edition sold out before it was published And it has never been out of print since then This year the original designer of the 1977 edition and the original editor have joined forces to present a new deluxe hardcover edition of the most feared most reviled and most desired occult book on the planet
