What's Wrong with Pakistan? Babar Ayaz,2013-08-01 A courageous comprehensive and no holds barred account by a veteran journalist of a 66 year old nation that is still trying to find its identity and fighting its own demons Beginning with the genetic defect that Pakistan was born with Babar Ayaz highlights the numerous problems faced by Pakistan today that have arisen as a result of the country s foundation being based on religion What Quaid e Azam

Muhammad Ali Jinnah managed to achieve as a separate homeland in August 1947 is today being consumed by religious fanaticism Ayaz attributes such a state of affairs to the Islamization of Pakistani laws which are in conflict with the twenty first century value systems The author next pinpoints how Jinnah failed to recognize the ethno linguistic diversity of the Pakistan he had created which needed proper distribution of power between the Centre and the states in the then existent West Pakistan and East Pakistan He describes how the centralization of power and the imposition of a single language for both wings of the country led to the dismemberment of Pakistan and the creation of Bangladesh in 1971 The book also analyzes the unwritten national security policy of Pakistan and how it has dictated its foreign policy Relations with the US India China Saudi Arabia Iran and Afghanistan are discussed vis vis the overall national security policy The author contends that the rise of fundamentalism is a global phenomenon but in Pakistan it has given birth to a plethora of Islamic militant groups covertly supported by the Pakistani intelligence services Pakistan has been branded as the most dangerous state of the world and the epicentre of terrorism He laments the fact that attempts to present the peaceful side of Islam are extremely feeble because of the dominance of the pro jihad elements which are pushing the country into a civil war like situation In spite of several years of attempts at indoctrination of the people through mass media and educational institutions in Pakistan the anti Indian feelings and extreme stands on Kashmir have been limited Ayaz believes that India and the developed world would have to help by being more accommodating and understanding so that the people of Pakistan can reinvent their country Without moving towards secularism the author warns Pakistan will remain at war with itself as it is torn between the twenty first century and medieval religious value systems [Poland and South Asia](#) Rajendra K.

Jain,2024-05-18 This book explores the political economic defence and cultural relations of Poland with South Asia Afghanistan Bangladesh Bhutan India Myanmar Nepal Pakistan and Sri Lanka since the late 1940s to the present It examines how Polish preoccupation with gaining admission to NATO and the European Union led South Asia to fade into the margins of Polish foreign policy It discusses key narratives and perceptions of South Asia in the Polish media and thinktanks features of the South Asian diaspora in Poland and assesses future prospects of Warsaw s deepening political and economic engagement with the region The pioneering book will be essential reading for students and scholars of Central East European studies International Relations Indian foreign policy Polish Asian politics and foreign policy [Proxy war in Afghanistan](#) Abbas Farasoo,2025-06-10 This book provides a compelling analysis of proxy warfare and its far reaching implications for statehood focusing on the conflict in Afghanistan Introducing the innovative concept of state wrecking it bridges theory and practice to unravel how external support for insurgent actors fuels violence undermines territorial control and sovereignty intensifies violence and dismantles political legitimacy The work shifts the discourse on proxy wars from the strategies of global powers to the procedural and structural impacts within target states Grounded in rigorous empirical research including interviews archival data and conflict analysis the book critically examines the Pakistan Taliban nexus and the limitations of US led
