## **Prisoner Of Love Jean Genet:**

*Prisoner of Love* Jean Genet, 2003-01-31 Starting in 1970 Jean Genet petty thief prostitute modernist master spent two years in the Palestinian refugee camps in Jordan Always an outcast himself Genet was drawn to this displaced people an attraction that was to prove as complicated for him as it was enduring *Prisoner of Love* written some ten years later when many of the men Genet had known had been killed and he himself was dying is a beautifully observed description of that time and those men as well as a reaffirmation of the author's commitment not only to the Palestinian revolution but to rebellion itself For Genet's most overtly political book is also his most personal the last step in the unrepentantly sacrilegious pilgrimage first recorded in *The Thief's Journal* and a searching meditation packed with visions ruses and contradictions on such life and death issues as the politics of the image and the seductive and treacherous character of identity Genet's final masterpiece is a lyrical and philosophical voyage to the bloody intersection of oppression terror and desire at the heart of the contemporary world

**Radical French Thought and the Return of the "Jewish Question"** Eric Marty, 2015-05-22 Five seminal essays on contemporary antisemitism and its connections to radical thought For English speaking readers this book serves as an introduction to an important French intellectual whose work especially on the issues of antisemitism and anti Zionism runs counter to the hostility shown toward Jews by some representatives of contemporary critical theory It presents for the first time in English five essays by Eric Marty previously published in France with a new preface by the author addressed to his American readers The focus of these essays is the debate in France and elsewhere in Europe concerning the Jew The first essay on Jean Genet one of postwar France's most important literary figures investigates the nature of Genet's virulent antisemitism and hatred of Israel and its significance for an understanding of contemporary phenomena The curious reappearance of St Paul in theological and political discourse is discussed in another essay which describes and analyses the interest that secular writers of the far left have shown in Paul's universalism placed over and against Jewish or Israeli particularism The remaining essays are more polemical in nature and confront the anti Israeli attacks by Alain Badiou and Gilles Deleuze Both important and timely it will be a notable contribution to the ongoing public and intellectual discussion of contemporary antisemitism and the animus of intellectuals toward the state of Israel Elhanan Yakira author of *Post Zionism Post Holocaust* Represents a significant contribution to our understanding of both the phenomenon of the new antisemitism and a certain strain of French critical theory over the last several decades Maurice Samuels Yale University

**Un captif amoureux** Jean Genet, 1995 Avant d'y arriver je savais que ma présence au bord du Jourdain sur les bases palestiniennes ne serait jamais clairement dite j'avais accueilli cette r volte de la m me fa on qu'une oreille musicienne reconnait la note juste Souvent hors de la tente je dormais sous les arbres et je regardais la Voie Lact e tr s proche derri re les branches En se d pla ant la nuit sur l herbe et sur les feuilles les sentinelles en armes ne faisaient aucun bruit Leurs silhouettes voulaient se confondre avec les troncs d arbres Elles coutaient Ils elles les sentinelles La Voie Lact e prenant sa source dans les lumi res

de Galilée faisait une arche qui me surplombait surplombait aussi toute la vallée du Jourdain et finissait en se parpillant sur le désert saoudien. Allong dans une couverture je participais ce spectacle peut-être plus que les Palestiniens dont le ciel était le lieu commun. Dans une tragédie de Shakespeare des archers tirent des flèches contre le ciel et je n'aurais pas été surpris si des feddayin d'aplomb sur leurs jambes cartésiens mais agacés par tant de beauté en forme d'arcs arrachant la terre d'Israël eussent visé et tiré des balles contre la Voie Lactée la Chine et les Pays socialistes leur fournissant assez de munitions pour faire dingoler la moitié du firmament. Tirer des balles contre les toiles cependant qu'elles sortaient de leur propre berceau la Palestine.

*Terrorism* Joseba Zulaika, 2009-12-15 In counterterrorism circles the standard response to questions about the possibility of future attacks is the terse one liner Not if but when This mantra supposedly conveys a realistic approach to the problem but as Joseba Zulaika argues in *Terrorism* it functions as a self fulfilling prophecy By distorting reality to fit their own worldview the architects of the War on Terror prompt the behavior they seek to prevent a twisted logic that has already played out horrifically in Iraq In short Zulaika contends counterterrorism has become pivotal in promoting terrorism Exploring the blind spots of counterterrorist doctrine Zulaika takes readers on a remarkable intellectual journey He contrasts the psychological insight of Truman Capote's *In Cold Blood* with The 9 11 Commission Report plumbs the mindset of terrorists in works by Orianna Fallaci and Jean Genet maps the continuities between the cold war and the fight against terrorism and analyzes the case of a Basque terrorist who tried to return to civilian life Zulaika's argument is powerful inventive and rich with insights and ideas that provide a new and sophisticated perspective on the War on Terror
