Building Services Handbook 7th Edition:

Building Services Handbook, 7th Edition Fred Hall, Roger Greeno, 2013 This seventh edition of Hall and Greeno's leading textbook has been reviewed and updated in relation to the latest building and water regulations, new technology and new legislation and even more design calculations have been added. In addition, topics such as alternative sources of natural energy, solar ground source heat pumps, renewable energy sources, geothermal methods and wind power are now covered. *Building Services Handbook* summarises the application of all common elements of building services practice, technique and procedure to provide an essential information resource for students as well as practitioners working in building services, building management and the facilities administration and maintenance sectors of the construction industry. Information is presented in the highly illustrated and accessible style of the best-selling companion title *Building Construction Handbook*. THE comprehensive reference for all construction and building services students. *Building Services Handbook* is ideal for a wide range of courses including NVQ and BTEC National through Higher National Certificate and Diploma to Foundation and three-year Degree level. The clear illustrations and complementary references to industry Standards combine essential guidance with a resource base for further reading and development of specific topics. **Spon's Mechanical and**

Electrical Services Price Book 2015 AECOM, 2014-10-01 Coming out of recession, so how is this affecting the construction market? Spon's *Mechanical and Electrical Services Price Book 2015* continues to be the most comprehensive and best annual services engineering price book currently available, providing detailed pricing information across the full range of mechanical and electrical services together with higher level costs for a diverse range of systems and different building applications. Use the access code inside the front cover of the book to get set up with internet access to this 2015 edition until the end of December 2015. Spon's Online delivers a versatile and powerful online data viewing package. The book now uses a combination of NRM1 and NRM2 as the measurement standards. This year we provide a new detailed engineering feature on RICS Ska ratings and add cost sections for LED lighting, PV panels and solar thermal energy. The book also gives the usual market update of labour rates and daywork rates, material costs and prices for measured works and all-in rates and elemental rates in the Approximate Estimating section. **Spon's Mechanical and Electrical Services Price Book 2016**
