Jacket "Princess Smartypants" by Babette Cole as an example of how the child inside is the key to happiness. Marc Backhaus, 2013-10-01. Essay from the year 2012 in the subject English Language and Literature Studies, Literature grade 10, Humboldt University of Berlin, Institut für Anglistik/Amerikanistik, course SE Writing the Term Paper, language English, abstract: Babette Cole's *Princess Smartypants* is a young woman who has, according to her mother, reached the age at which she is ready for marriage. This typical fairytale theme of a young princess is contradicted and overthrown constantly by the *Princess Smartypants* character throughout the whole story. She seems to dress, appear, and behave more like a child than a lady, favours pet monsters over men, and tends to have more fun playing around than being responsible or, at least, behaving according to the position she is put into. It seems that for her, this childlike lifestyle is the key to living happily ever after in a world such as hers, one of responsibility and that she stands for the message that the child inside is what leads to happiness if lived to the full with devotion. This paper aims to elaborate on this thesis and its proof given in several elements of the children's story. Teaching Writing, Ann Browne, 1999. This title by Ann Browne focuses on the teaching of writing at Key Stage 1 and before and fully addresses the National Literacy Strategy at this level. The text fully reflects the requirements of the ITT National Curriculum whilst addressing the latest research findings on the development of literacy skills in the primary years. A Multimodal Approach to Challenging Gender Stereotypes in Children's Picture Books, A. Jesús Moya-Guijarro, Eija Ventola, 2021-11-09. This collection offers a thorough treatment of the ways in which the verbal and visual semiotic modes interrelate toward promoting gender equality and social inclusion in children's picture books. Drawing on cutting-edge theoretical work in multimodality, including multimodal cognitive linguistics, multimodal discourse analysis, and visual social semiotics, the book expands on descriptive-oriented studies to offer a more linguistically driven perspective on children's picture books. The volume explores the choice afforded to and the lexico-semantic and discursive strategies employed by writers and illustrators in conveying representational, interpersonal, and textual meanings in the verbal and non-verbal components in these narratives in order to challenge gender stereotypes and promote the social inclusion of same-sex parent families. This book will be of particular interest to students and scholars in multimodal discourse analysis, social semiotics, and children's literature.
