

Harry Potter Characters Read The Books

Lee Galda, Bernice E. Cullinan

Harry Potter Characters Read The Books:

Children's Literacy Practices and Preferences Jane Sunderland, Steven Dempster, Joanne Thistlethwaite, 2016-03-31
Over the past few decades there have been intense debates in education surrounding children's literacy achievement and ways to promote reading particularly that of boys. The Harry Potter book series has been received enthusiastically by very many children, boys and girls alike, but has also been constructed in popular and media discourses as a children's particularly a boys' literacy saviour. *Children's Literacy Practices and Preferences: Harry Potter and Beyond* provides empirical evidence of young people's reported literacy practices and views on reading and of how they see how the Harry Potter series has impacted their own literacy. The volume explores and debunks some of the myths surrounding Harry Potter and literacy and contextualizes these within children's wider reading.

Computing as Writing Daniel Punday, 2015-12-15
This book examines the common metaphor that equates computing and writing, tracing it from the naming of devices (notebook, computers) through the design of user interfaces (the desktop) to how we describe the work of programmers (writing code). *Computing as Writing* ponders both the implications and contradictions of the metaphor. During the past decade, analysis of digital media has honed its focus on particular hardware and software platforms. Daniel Punday argues that scholars should instead embrace both the power and the fuzziness of the writing metaphor as it relates to computing, which isn't simply a set of techniques or a collection of technologies, but also an idea that resonates throughout contemporary culture. He addresses a wide array of subjects, including film representations of computing, Desk Set, The Social Network, Neal Stephenson's famous open source manifesto, J.K. Rowling's legal battle with a fan site, the sorting of digital libraries, subscription services like Netflix, and the Apple versus Google debate over openness in computing. Punday shows how contemporary authors are caught between traditional notions of writerly authority and computing's emphasis on doing things with writing. What does it mean to be a writer today? Is writing code for an app equivalent to writing a novel? Should we change how we teach writing? Punday's answers to these questions are original and refreshing and push the study of digital media in productive new directions.

Books and Beyond Kenneth Womack, 2008-10-30
There's a strong interest in reading for pleasure or self-improvement in America, as shown by the popularity of Harry Potter and book clubs including Oprah Winfrey's. Although recent government reports show a decline in recreational reading, the same reports show a strong correlation between interest in reading and academic achievement. This set provides a snapshot of the current state of popular American literature, including various types and genres. The volume presents alphabetically arranged entries on more than 70 diverse literary categories, such as cyberpunk, fantasy, literature, flash fiction, GLBTQ literature, graphic novels, manga, and anime, and zines. Each entry is written by an expert contributor and provides a definition of the genre, an overview of its history, a look at trends and themes, a discussion of how the literary form engages contemporary issues, a review of the genre's reception, a discussion of authors and works, and suggestions for further reading. Sidebars provide fascinating details, and the set closes

with a selected general bibliography Reading in America for pleasure and knowledge continues to be popular even while other media compete for attention While students continue to read many of the standard classics new genres have emerged These have captured the attention of general readers and are also playing a critical role in the language arts classroom This book maps the state of popular literature and reading in America today including the growth of new genres such as cyberpunk zines flash fiction LGBTQ literature and other topics Each entry is written by an expert contributor and provides a definition of the genre an overview of its history a look at trends and themes a discussion of how the literary form engages contemporary issues a review of the genre s critical reception a discussion of authors and works and suggestions for further reading Sidebars provide fascinating details and the set closes with a selected general bibliography Students will find this book a valuable guide to what they re reading today and will appreciate its illumination of popular culture and contemporary social issues

Harry Potter. A hero of children's literature? Laura Commer,2021-03-30 Bachelor Thesis from the year 2017 in the subject English Language and Literature Studies Literature grade 1 1 University of Bonn Bonner Zentrum f r Lehrerbildung language English abstract J K Rowling started her series as a story for children but is her protagonist to whom many refer to as hero really a hero and can the Harry Potter series be seen as children s literature This question will be answered in this work with firstly looking at the characteristics of children s literature and if Rowling used them in her novels or not with a closer look on Rowling s plot and setting as well as her representation of love death and trauma Rowling places her story in a boarding school with dangerous and unknown animals and creatures and her protagonists are wizards Her main protagonists an eleven year old orphaned boy who must live with his miserable relatives until he discovers that he must fulfil a greater destiny Furthermore the endings of her books will be analyzed whether they are closed or open because although she knew that the series should consists of seven novels in total she did not know how successful her novels might be and if she will get the opportunity to write more books According to that the endings will also be examined on whether they have happy endings or not since they picture different outlooks on the story due to the plot that is set up by Rowling

Transforming Harry John Alberti,P. Andrew Miller,2018-05-07 Focuses on the critical and theoretical implications of adapting the Harry Potter novels to films and media Transforming Harry The Adaptation of Harry Potter in the Transmedia Age is an edited volume of eight essays that look at how the cinematic versions of the seven Harry Potter novels represent an unprecedented cultural event in the history of cinematic adaptation The movie version of the first Harry Potter book Harry Potter and the Sorcerer s Stone premiered in 2001 in between publication of the fourth and fifth books of this global literary phenomenon As a result the production and reception of both novel and movie series became intertwined with one another creating a fanbase who accessed the series first through the books first through the movies and in various other combinations John Alberti and P Andrew Miller have gathered scholars to explore and examine the cultural political aesthetic and pedagogical dimensions of this pop culture phenomenon and how it has changed the reception of both the films and

books Divided into two sections the volume addresses both the fidelity of adaptation and the transmedia adaptations that have evolved around the creation of the books and movies In her essay Vera Cuntz Leng draws on feminist film theory to explore the gaze politics and male objectification operating in the Harry Potter movies Cassandra Bausman contends that screenwriter Steve Kloves revision of the end of the film version of Deathly Hallows Part II offers a more politically and ethically satisfying conclusion to the Harry Potter saga than the ending of the Rowling novel Michelle Markey Butler's Harry Potter and the Surprising Venue of Literary Critiques argues that the fan generated memes work as a kind of popular literary analysis in three particular areas the roles of female characters the comparative analysis of books and films and the comparative analysis of the Harry Potter series with other works of fantasy While the primary focus of the collection is an academic audience it will appeal to a broad range of readers Within the academic community Transforming Harry will be of interest to scholars and teachers in a number of disciplines including film and media studies and English Beyond the classroom the Harry Potter series clearly enjoys a large and devoted global fan community and this collection will be of interest to serious fans

Violence in Popular Culture Laura L. Finley, 2018-11-09 A comprehensive resource this book reviews current and historical examples of violence in film television radio music music videos video games and novels Despite decades of attention and various attempts to enact legislation that limits violence in American popular culture it remains ubiquitous across films television radio music music videos video games and popular fiction Studies have shown that programs marketed to children are often remarkably violent and that viewing or otherwise consuming such violence has numerous negative effects on children's psychological health This book sheds light on the scholarship related to violence in popular culture and compares historical and current examples analyzing popular shows such as Game of Thrones video games such as Mortal Kombat young adult fiction including the trilogy The Hunger Games and more Not only does Violence in American Popular Culture provide a comprehensive review of the research about the effects of violence in media but it also offers detailed assessments of violent content in various expressions of popular culture In addition it invites readers to compare violence in American popular culture with that globally via entries on violence in popular culture outside the United States An appendix of additional resources and primary sources gives readers further tools for deepening their understanding of this complex and controversial issue
